Payroll Tax To Pay For Social Security Raise

WASHINGTON (AP) — If Congress enacts President Johnson's proposed broadening of Social Security benefits next year, specialists say the required revenue probably would be raised by increasing the rate of the payroll tax and by extending the wage base on which it is levied.

Officials say Social Security taxes could increase \$68.40 a year for a worker earning as much as \$7,800, and an equal amount for his employer.

This figure is based on the present calculations of Social Security officials of the financing expected to be needed. Details of the proposal continue to be worked out, and all final decisions are up to Congress.

As the specialists now see it, the base extension, from the present \$6,600 to \$7,800, would be permanent. The rate increase of two-tenths of 1 per cent each on employer and employee would, in a sense, be temporary.

As the periodic increases already built into the law became effective, they would overtake the first boost and the ultimate rate would not be higher than the one now scheduled.

The Social Security payroll tax rate this year is 4.2 per cent each on employer and employee, up to the first \$6,600 an employee earns. This means the maximum employee tax is \$277.20.

If the changes now being sketched were to become effective, officials say, the tax rate would go to 4.6 per cent and the base to \$7,800 — either Jan. 1, 1968 or on some earlier date for a maximum annual tax of \$358.80. That would be an increase of \$81.60.

White House Christmas Tree Will Be Red Fir

WASHINGTON (AP) — The national community Christmas tree this year will be a red fir from California, the National Park Service said here.

The tree is known as the George Washington tree. It stands 61 feet high as it grows in Emigrant Gap, along Grouse Ridge of the Sierra Nevada, some 50 miles northeast of Sacramento in the vicinity of Squaw Valley.

A spokesman said the tree is on property of Pacific Gas & Electric Co., which is donating it in the name of California.

The national community Christmas tree is placed on the ellipse south of the White House as the major feature of the annual Pageant of Peace. The switch to turn on thousands of lights to illuminate the tree often is pushed by the President during a nationwide television presentation.

20 Witnesses Called
A total of 20 witnesses were called to the stand to testify, eight for the prosecution including the three alleged victims and 12 for the defense, including the defendant. The witnesses also included two medical doctors—one called as a prosecution witness and the other for the defense—and another chiropractor.

Exhibits introduced included a large diagram of the doctor's office, records of Dr. Bast, a treatment couch, a clinical jacket, sample gowns from Dr. Bast's office worn by female patients during treatment, and a photograph of Dr. Bast's diploma from chiropractic college.

During most of the trial, the courtroom was full with spectators. Dr. Bast has been a resident of Escanaba since 1937, when he came to the city from Sault Ste. Marie to practice.

Ike Tube Talk Boosts Reagan

SACRAMENTO, Calif. (AP) — Former President Dwight D. Eisenhower will appear on television Friday and Saturday in support of Republican gubernatorial candidate Ronald Reagan.

Eisenhower's taped message, a GOP party spokesman said, will be contained in five-minute telecasts over 17 stations throughout California.

Reagan is running against Democratic Gov. Edmund G. Brown.

Council Terms Tourist Season Greatest Ever

LANSING (AP) — The Michigan tourist industry has just completed its "greatest summer in history", and the state is in the midst of "its greatest tourist spending year" says the State Tourist Council.

A council survey showed an average 15 per cent increase over 1965 summer business. Council Director William T. McGraw, said Wednesday, adding:

"Preliminary reports of autumn activity indicate that 1966 will see well over \$1 billion in recreational travel spending in Michigan."

Checks with some 75 chambers of commerce, key attractions and traffic measuring points showed increased activity over 1965, McGraw said, and many described the increases as "exceptional," "record" or "the best in history."

Daily attendance at state parks was up 22 per cent and camping was up 34 per cent, he said, while use tax collections for hotel and motel rooms in the first seven months of this year climbed 10.4 per cent to a total of \$2.1 million.

Statewide traffic was up 5.8 per cent; Mackinac Bridge crossings rose 7 per cent; Ambassador Bridge traffic climbed 3.4 per cent and the Detroit-Windsor Tunnel reported an increase of 10 per cent.

The Upper Peninsula recorded spectacular gains, McGraw said. Crystal Falls reported an 18-20 per cent increase; reports from the Copper Country ranged from 10 to 25 per cent, and some businesses in the Escanaba area reported increases as high as 65 per cent over the previous summer.

The Mackinac Island Chamber of Commerce reported a 50 per cent gain over the tourist season of 1965, he added.

Ken Dorman, secretary-manager of the Upper Michigan Tourist Association, said the area "got all the business we could handle..."

Accountant Meet

EAST LANSING (AP) — About 350 Michigan certified public accountants will meet Nov. 17 in East Lansing for tax discussions ranging from fiscal reform to possible federal control of state taxation on interstate commerce.

Johnsons Relax At Thai Resort

BANG SAEN, Thailand (AP) — Taking a 24-hour respite after 10 strenuous days and nights in five countries, President and Mrs. Johnson relaxed and rested today beside the blue waters of the Gulf of Siam.

The Johnsons are spending the night in a luxurious government guest house in this fishing and resort village 68 miles southeast of Bangkok before starting their official visit Friday afternoon to the country many believe is next on the Communist schedule for Asian conquest.

Johnson, the first U.S. president to visit Thailand, and his wife landed in a drizzle at Sattahip Air Base 40 miles from Bang Saen at 1:07 p.m. (2:07 a.m. EDT) following a 24-hour flight from Manila.

As four Thai fighter planes

flew high over the field, the President's party transferred immediately to helicopters for the short flight to Bang Saen. Thai Premier Thanom Kittikachorn greeted the Johnsons at Sattahip and accompanied them to the resort. He uses the guest house the Johnsons are occupying as his summer home.

In the village, policemen in jeeps, motorcycles and even Cadillac cars roared through the streets and guards were at all intersections. Most residents, accustomed to similar arrangements for visiting dignitaries, reacted calmly to Johnson's arrival.

Johnson told newsmen during the flight from Manila his health was fine, although he said he has been sleeping only three to four hours a night because of his crowded schedule.

Marcos Begins Secret Moves Toward Peace

TOKYO (AP) — North Viet Nam today described the Manila summit conference as a war council and stopped just short of officially rejecting the latest allied peace bid to end the Viet Nam war.

"The 'peaceful solution' proposed by the United States at the Manila conference," said Nhan Dan, organ of the North Vietnamese Communist party, "is still more cynical and insolent than the 'conditions' which the United States had earlier put to the Vietnamese people and which had been categorically rejected by the latter."

The official Hanoi newspaper did not refer specifically to the allied offer to withdraw all foreign troops six months after North Viet Nam withdraws its forces and aid from South Viet Nam.

But Peking's New China News Agency called it part of a U.S. "peace talks plot" and a representative of the Viet Cong in Cairo said the Viet Cong "will never accept peace unless it is on our own terms."

Despite the unyielding Communist position, Philippine President Ferdinand E. Marcos told newsmen in Manila he has begun "initiatives for peace" following the summit conference.

"I cannot reveal them to you," Marcos said. But he acknowledged that the seven allied nations that met this week in the Philippine capital discussed which countries might play the role of "honest broker" in attempting to bring about negotiations with the Communist government in Hanoi.

Manila sources said Indonesia, Japan and India fit the requirements of the allied leaders.

Copper Range Earnings Rise

NEW YORK (AP) — Copper Range Co. Wednesday reported earnings of \$6,100,955 or \$3.10 a share for the nine months ended Sept. 30. This compares with earnings of \$5,997,011 or \$3.08 a share, reported by the copper mining firm for the same period in 1965.

Oriskany Sails For Repairs At Subic Bay Base

SAIGON, South Viet Nam (AP) — Ravaged by fire, the U.S. aircraft carrier Oriskany sailed under her own power today for repairs in the Philippines as the carrier Coral Sea steamed to take her place in the fleet pressing the air war against North Viet Nam.

With the Oriskany knocked out of action, planes from the carrier Constellation and the Air Force hit the Communist North Wednesday on the first day of clear weather in four days.

On the ground, U.S. and Vietnamese troops reported killing 25 of the enemy in four skirmishes from Saigon to the demilitarized zone between North and South Viet Nam.

The Navy said 43 men were killed and 16 injured aboard the Oriskany in fires that started with an explosion in a flare locker and swept through five decks Wednesday shortly before President Johnson visited the big U.S. base at Cam Ranh Bay 180 miles northeast of Saigon.

It was the Navy's worst disaster of the war.

Three of the casualties were seriously injured and were taken to a hospital in Da Nang. A civilian photographer aboard the Oriskany said he was told 35 other crewmen suffered minor burns but all were back on duty by evening.

Thirty-four of the dead were jet pilots who were sleeping in quarters forward of the flare locker and were suffocated by the dense smoke.

The Oriskany was scheduled to arrive at the U.S. Naval Station at Subic Bay in the Philippines late today.

Forgotten Grave Found By Workmen

Workmen digging a trench for a gas line at 8th Ave. N. and 18th St. uncovered a grave from Escanaba's earliest burial ground on Wednesday afternoon.

The bones were those of a woman, for there was long hair on the skull, and while the remains were unidentified police said the grave was "definitely not Indian."

Pieces of rotted board and lead coffin handles were all that was left of the casket. The remains were brought to the Escanaba Police Station and from there were turned over to the Anderson Funeral Home for reburial in Lakeview Cemetery today.

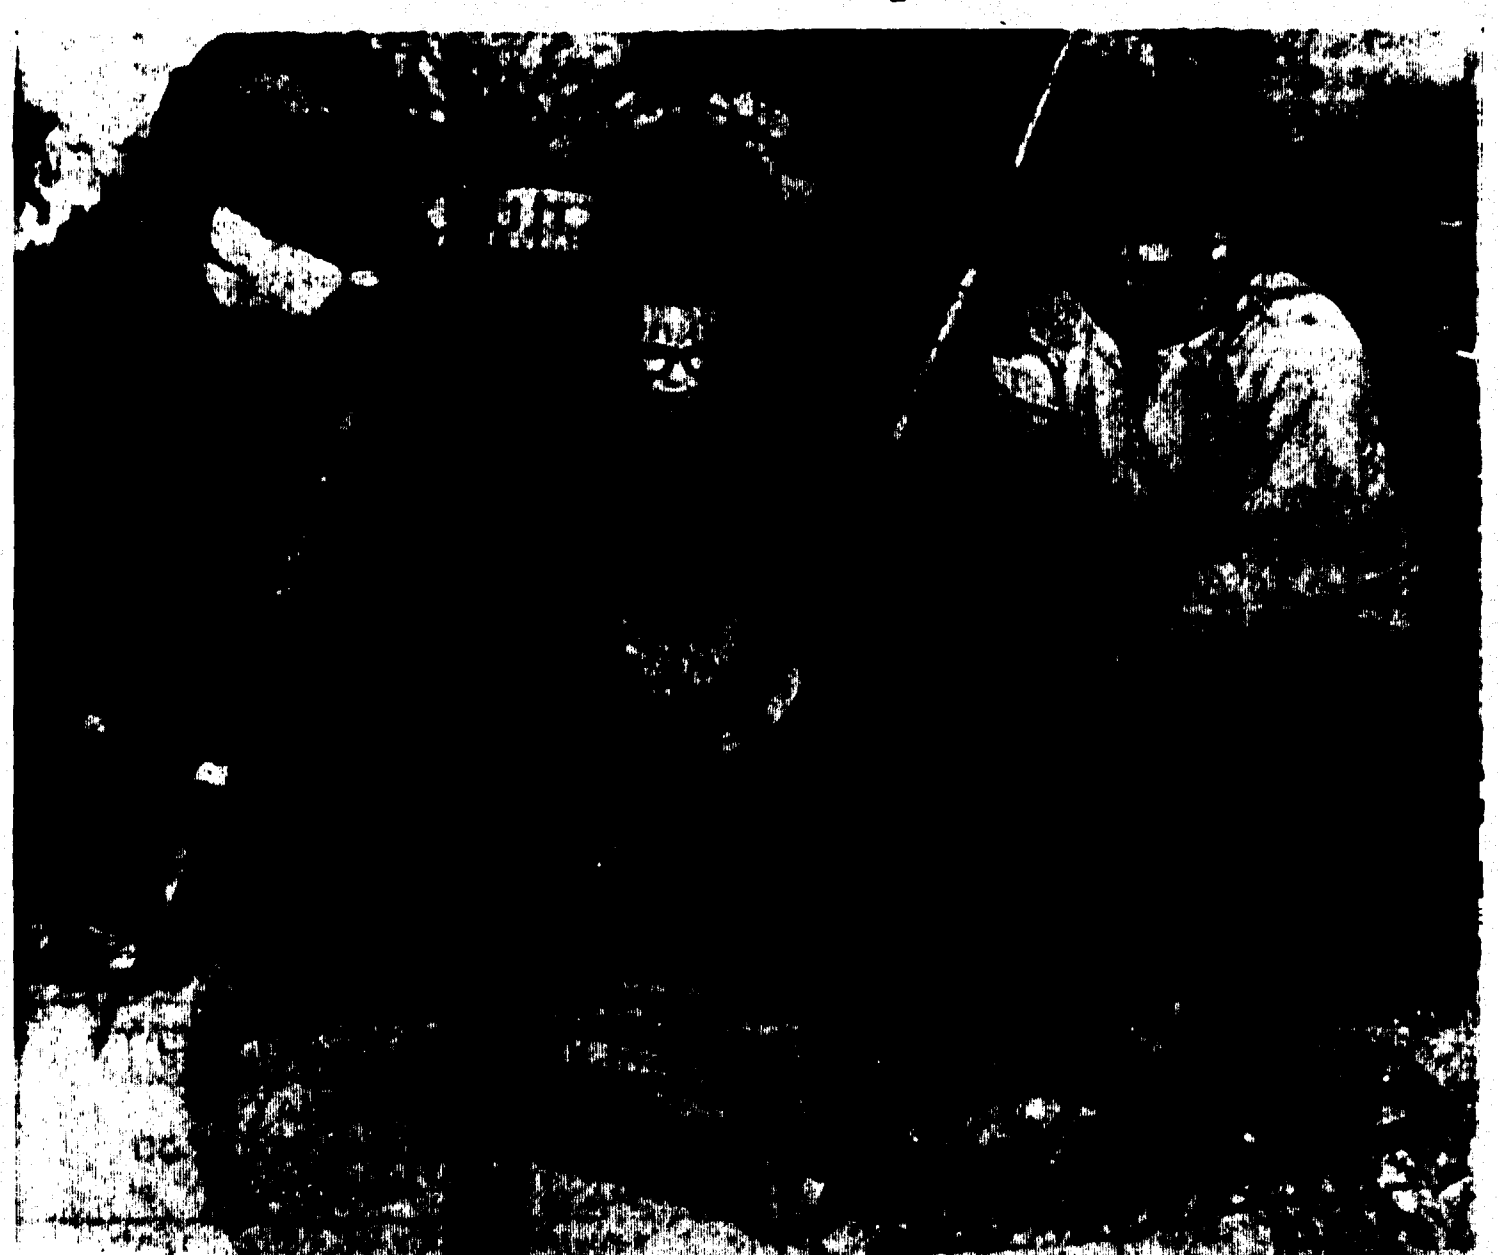

Michigan Consolidated Gas Co. employees came upon the grave while they were extending a gas line. The shovel brought up some bones and further exploration uncovered the grave, which as first was thought to be an Indian burial.

Escanaba's first cemetery, established in the sand hills in the vicinity of the present "Y" intersection of Stephenson, Sheridan and Washington, dates back to the 1860's.

The only established cemetery earlier than this was in what is now Pioneer Trail Park, where the burial ground has been suitably marked by the County Road Commission. The cemetery served the first white settlement in Delta County, located on the Escanaba River a short distance upriver from the bay.

The Escanaba cemetery in North Town was first used when Escanaba was no more than a village on Sand Point. As the population and the town

Meeting At Pinecrest

Delta Nurses Ask More Pay

The Delta District Nurses Association met at Pinecrest Facility Tuesday night for a tour conducted by Mrs. Geraldine VanEnkevort, director of nursing, Gene Marcantonio, administrator, spoke of the problems and benefits of the new medicare program.

The Michigan Nurses Association's convention was reported by Miss Elizabeth Nelson and Mrs. Naomi Hult, Gladstone, who attended the convention in Lansing.

Miss Jesse Pergrin, president of the MNA, and director of nursing, Wayne County Department of Health, presided. Miss Joe Eleanor Elliot, president of the American Nurses Association of director of nursing programs, Western Interstate Commission for Higher Education, stated that Michigan is looked upon as a leader of nursing in the U. S.

Recommendations were made by the delegates regarding economic security for nurses. The MNA recommends that the general duty nurse should have a minimal monthly salary of \$550, and that the minimal differential for afternoon and night shifts should be \$3 per shift. In making the recommendation, a July 1966 hospital survey was presented showing

the following: 80 Michigan hospitals pay \$450 or over (this was the previous MNA recommendation) 60 hospitals pay \$400-\$449, 47 hospitals pay under \$399.

The report stated that the local hospital paid general duty nurses \$375-400.

It was further recommended that public health nurses have an annual salary of \$7,700 and private duty nurses receive \$30 per 8 hour shift.

If young people cannot be interested in a medical careers, the current shortage of nurses will become more critical and untrained workers will be providing the nursing care, it was stated.

The MNA says that the low economic status of the registered nurse is the single most important deterrent in providing qualified nursing care to the public. No occupation of comparable responsibility is as poorly compensated.

The MNA will assist any group of nurses with adequate representation in the MNA to achieve salary and personnel policies through negotiations with their administrators. Currently nurses at the Dickinson County Memorial Hospital in Iron Mountain are being assisted by the MNA.

The next meeting of the Delta District will be Nov. 22, scheduled tentatively at the St. Francis Hospital. All nurses are invited.

Mead Profits Up But

Tight Money Is Expansion Curb

KINGSPORT, Tenn. — Sales by Mead Corp. rose 15 per cent and earnings per share 23 per cent during the third quarter of 1966, says Howard E. Whitaker, chairman of the board. Whitaker said new highs in sales and earnings "were achieved against a background of sustained high business activity and reflect efficiencies of new facilities and methods," plus seasonally high sales and earnings by Westab Inc., a Mead subsidiary.

Third quarter sales were reported at nearly \$172 million up from about \$150 million in the third quarter of 1965. Net earnings during the quarter were \$7,527,816, equal, after payment of preferred dividends,

to \$1.17 a common share. Comparable earnings figures for 1965 were \$6,202,370, or \$.95 a share.

Cumulative sales for the first nine months of '66 rose to \$470 million, up from \$421 million for the first nine months of last year.

Mead's earnings for the first three quarters this year were \$20 million or \$3.32 a share. During the comparable period of 1965 they were \$17 million, or \$2.69 a share.

"While the outlook for the remainder of 1966 is for continued strong demand," Whitaker said, "some negative factors must be cited." He said recent labor agreements at several of Mead's paper mills would substantially increase labor costs. "Tight money and the higher costs of borrowed capital are of concern in planning future expansions," he commented.

However, Mead's board chairman reported to shareholders that the company anticipated good results for the year as a whole.

U.P. Misses Benefits

Wage Earner Hurt: Ruppe

Copper Country friends of Philip Ruppe, the Republican nominee for Congress in the 11th District, held a public party supper at the Sherman Hotel last evening for the candidate and 250 persons turned out to eat the little Cornish pies and to greet Ruppe.

Ruppe told Chairman Robert Abb and the committee and guests that his talks with thousands of persons in the 11th District have convinced him that "the wage earner who is earning only a fair wage—say \$2.50 an hour—but not a high wage is having a terrible time today."

"My opponent (Congressman Raymond Clevenger) said at Alpena that inflation is just a natural by-product of these wonderful times, and that we've just got to live with it. I don't buy that at all."

Food Bills Cited

"The bulk of Upper Peninsula people are paying the bills for all this government spending and they don't get the benefits. Food purchases with them are a very personal thing and our housewives are really bugged by what they have to pay."

Voelker Serves For Clevenger

MARQUETTE — John D. Voelker of Ishpeming, former Michigan Supreme Court justice and best-selling author, will serve as co-chairman of a Citizens for Clevenger Committee with Marilyn Bennett Harner, daughter of the late Congressman John B. Bennett.

"In all candor," said Voelker, "I am for Ray Clevenger because being myself an un-reconstructed old liberal Democrat, I feel I know he might do and so I would feel much better to see his kind of man kept in office."

Stegath Heads U-M Program

Dr. William Stegath, field secretary of the University of Michigan Alumni Association and for eight years "Voice of the Wolverines" athletic teams, will report to the Delta County U. of M. Alumni Club in a dinner program Friday night at the Delta.

He is expected to be joined by Donald A. Morris, manager of special programs at Michigan.

Social hour is scheduled to begin at 6 p. m., followed by the dinner program at 7 p. m. Reservations should be made through Charles Folio, director of the Escanaba office of the U. of M. Extension Service, at ST6-8861.

Stegath will present a "Report from Ann Arbor" and brief alumni on plans for the University's Sesquicentennial in 1967.

Folio said that parents of current Michigan students and prospective students are invited.

A native of Escanaba, Stegath received all of his degrees from the University of Michigan, completing his doctorate in 1960.

Prior to joining the Alumni Association, he served as production director of the U. of M. broadcasting service (WUOM, Ann Arbor) where his programs won eight national awards for excellence from the Institute for Education by Radio-TV.

Morris, who was a member of the public relations staff at Wayne State University and also a member of the Detroit Times news staff as an education reporter, has been manager of special programs at Michigan since May, 1964. From July, 1962, to April, 1964, he was managing editor of the University news service.

"I've also found that many voters are sensitive about the government not reducing foreign aid. The war is a great concern of everyone. We should have more of the facts regarding it and Congress has not demanded them. My opponent was one of only 60 congressmen out of more than 400 who voted against recommitment of the foreign aid bill to take out aid to countries that help North Viet Nam. He voted exactly as he was told."

War Is Issue

"The war and inflation are the big issues. People are also concerned with economic and job opportunities in the Upper Peninsula. They're interested in giving our young people a chance to stay here if they want to. And they want the tolls on the Mackinac Bridge removed."

"I agree with Governor Romney that work through the Upper Great Lakes Economic Development Council can pave the way to these goals. The Democrats are saying that if they're elected they'll get more money out of government for the area. That's not true."

"These aids are for all areas with the initiative to apply for them and a lot can be done to utilize federal government aids to realize economic development needs here. The state and federal government could work very well together on these projects, but Congressman Clevenger runs none of them through the governor's office; he sets them up to run in competition with the state government."

For Cooperation

"We could do more if we worked cooperatively, with the federal government working through the state and local governments instead of setting up competitive agencies. Local people have the ability to develop their area, but they lack the means."

"I'm not averse to using aids. I think we can use them more effectively through local government."

Ruppe said that government management of the economy had resulted in the first big layoff of workers at Abitibi Paper Co.'s mill at Alpena since it was opened and that employment was also off at Huron Portland Cement's plant.

"That's a recession," he said.

Clevenger Gets Freeman Praise For Sylvania

IRON MOUNTAIN — The Sylvania Tract, recently acquired by the federal government for national forest park purposes is "truly a national jewel."

That was the description of 18,000 acres of untouched wilderness by Agriculture Secretary Orville L. Freeman at a testimonial dinner for Congressman Raymond Clevenger (D-Sault Ste. Marie) here Wednesday night at the Dickinson Hotel.

Freeman credited Clevenger with playing a key role in the

acquisition of the \$5.7 million tract, which, he said, would pay for itself in new income and benefits.

Freeman said "people from all over the United States will be coming to enjoy it. The greatest numbers, however, will be coming from nearby Chicago, Milwaukee, Madison and Duluth, which are not more than a day's drive from this area."

Freeman reviewed the ways the Department of Agriculture is supporting local and state efforts at development, with technical, financial, research and education programs. He cited planting of trees, Farm Home Administration loans, Soil Conservation Service aid and made special mention of the Sturgeon River watershed project in Dickinson County. He also said that the general increase in economic activity in the area will be of great benefit to the farmers.

"Clevenger," he said "is the man who gets things done. He has achieved more for the 11th District than any other congressman in history. That's why you need Clevenger in Washington. And the people of this great state can't afford to lose the opportunity to elect G. Mennen Williams to the Senate."

There were 150 persons at the testimonial dinner, sponsored by the Dickinson County Democratic Committee. Democratic Legislative Nominee Jack Gingras was toastmaster. Clevenger, who was accompanied by his wife, remained in Iron Mountain today to make a series of campaign appearances.

Mrs. F. X. Labre Taken By Death

SPALDING — Mrs. F. X. Labre, 83, of Spalding, well known Menominee County resident died at 1:48 a.m. today at the Anderson Memorial Hospital in Norway where she had been a patient for one week.

The former Angeline Bouty was born Dec. 9, 1883 in Powers and was married on June 10, 1901 in Spalding. She was a member of the St. Anne's Society, a charter member of St. Agnes Court, 974 of the WCOF of which she served as chief ranger from 1922 to 1963, and was also past chief ranger of the Cloverland Association of the WCOF.

With her late husband she owned and operated Labre's Store in Spalding, which is presently operated by a son, Phillip Labre. Her husband preceded her in death on Jan. 9, 1963.

She is survived by three daughters, Mrs. Walter Alquist of Quinnesec, Mrs. John Jackson of Lansing and Mrs. Joseph Pokorny of Berwin, Ill.; two sons, Edward of Kingsford and Phillip of Spalding; one brother, Alex Bouty of Powers; 10 grandchildren and 28 great grandchildren.

Friends may call at the Kell-Tondin Funeral Home in Spalding after 2 p.m. Friday. The St. Anne Society and the WCOF rosary will be recited at 4 p.m. with the parish rosary at 8 p.m. Friday. The Solemn Requiem High Mass will be intoned at 10 a.m. Saturday at St. Francis Xavier Church with Rev. Walter Franzcek officiating and burial will be in the Spalding Township Cemetery.

Schools Ready 100-Year Fete

Plans for the Centennial Banquet of the Escanaba Area public schools continued Wednesday at a meeting at the School Administration Building. The banquet will be held at 6:30 p. m. Saturday, Nov. 5, in the commons area of the Area High School.

Chairman Robert Meyer said that tickets for the banquet are available at Gust Asp's or Ernie's Party Store, at any area school building, or from the P.T.A. Council or members of the Centennial planning committee.

Speaker for the banquet program will be Dr. S. Douglas Cornell, newly inaugurated president of the new Mackinac College.

The Escanaba school system was founded in 1866 and the banquet program will climax a year of celebration. The Daily Press is planning a special edition to mark the centennial.

Clare Bedding Cited On Safety

The National Association of Bedding Manufacturers named the Clare Bedding Co. of Hermandale as one of six firms to be presented a plaque for 10 years of operation with no lost-time injuries. It will also be given a certificate of achievement for having no disabling injuries in the 1965-1966 contest. Clare Bedding has been recipient of an award each year since the beginning of the contests in 1956.

Expect 4,000 To Welcome Sen. Kennedy To Escanaba

Sen. Robert F. Kennedy (D-N.Y.) will lead a rally for Congressman Raymond F. Clevenger (D-11th District) and other Democratic candidates in Escanaba Saturday afternoon.

The Junior Senator from New York, brother of the late President John F. Kennedy, will fly into Escanaba at 4 p.m. where he and other Democratic candidates will be met by Clevenger, and a regional delegation.

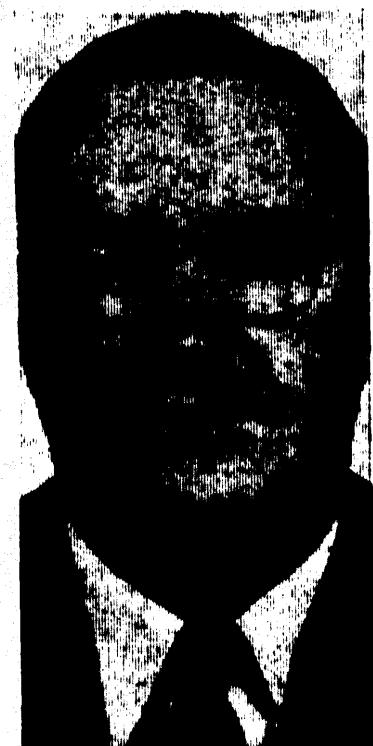

Accompanying Kennedy will be gubernatorial candidate Zolton Ferency and former Gov. G. Mennen Williams, candidate for the U.S. Senate.

Among the dignitaries scheduled to greet Sen. Kennedy, who was U.S. Attorney General and a member of his late brother's cabinet, will be Mayor Harold Vanlerberghe of Escanaba and Mayor Frank Stupak of Gladstone and Dr. William Hemes, president, Escanaba Chamber of Commerce.

The Democratic team will be escorted in a motorcade to the Escanaba Area Public High School, where Sen. Kennedy and Democratic candidates will speak. The program, to be broadcast and televised, will be in the school gym which seats 2,500.

George St. Louis, Delta County Democratic chairman, said that a crowd of 4,000 is anticipated for Sen. Kennedy on his visit to Escanaba.

The master of ceremonies for the formal program will be Leonard H. Shay of Germfask, who operates the Shay Vener Co. there. The firm produces

Shay was one of 70 businessmen who toured Europe with Gov. Romney last year as part of Michigan Week observance. Each of the businessmen paid their own way on the tour and were interested in the promotion of trade with Europe.

Presbyterian Ladies Elect New Officers

The United Presbyterian Women's Association met Oct. 25 for their regular monthly luncheon and business meeting. New officers for 1967 were presented by the nominating committee and elected. The Association budget for 1967 presented by the finance chairman, Mrs. Lawrence Erickson, was voted on and accepted.

Many members and friends were present for the program and luncheon which was served by Circle V. Mrs. N. L. Lundquist introduced the guest speaker, Dr. Paul Sobel, Associate Director for State Wide Missions, Michigan Synod of the United Presbyterian Church, who spoke on "Israel, The Land and the People." Dr. Sobel is well known in the Upper Peninsula having served in Manistique and Iron Mountain before moving to Alma, Mich.

Fire Destroys Furnished Cabin

A log and frame cabin along the Escanaba River in Baldwin Township owned by John Gannan, 2851 Lake Shore Dr., Escanaba, burned to the ground early Wednesday morning, State Police report.

A Conservation Dept. pump-truck was called to the scene, but was unable to save the cabin or any of its contents.

State Police said loss was estimated at about \$4,000. The cabin, 12 by 22 feet, was completely furnished.

Cause of the fire has not been determined. State Police are continuing their investigation.

Two Views Of Tourism

The Upper Michigan Tourist Association in annual meeting this week at Indianhead Mountain ski resort near Bessemer presented two views of tourist business in the Upper Peninsula.

One view was that of the recreation business owners of the U.P., who were in strong support of Ken Dorman, the manager of the Tourist Association, and in general support of its present program.

The other view was that of an advisory committee created last June to study U.P. tourism and the UMTA handling of its promotion. This other view wasn't a fully separate thing; it agreed with the industry view in some matters, but it was essentially on outside view, although by people who are very knowledgeable about U.P. tourism.

The view of the UMTA "establishment", meaning the tourism complex that is served by UMTA, seemed friendly toward the advisory committee recommendations for reform, but cautious about a plunge into change that might upset UMTA's present programs like its participation in travel shows. (The advisory committee advised dropping them as a tolerable economy.)

There was strong commendation of Ken Dorman from the industry. Its members said that he had worked like a nailer to serve the tourism needs of the U.P. UMTA Treasurer Tom Smith (a former president of the organization) said Dorman had been hired to do a difficult job and then told to pay himself with any money he could rustle; that the industry and the Upper Peninsula had not supported UMTA in any realistic manner. Dorman was commended by unanimous resolution by the annual meeting.

But this does not get at the heart of matter. The reason that there was an advisory committee at all and that it studied the situation for four months diligently and without reward, was that UMTA was in crisis. Its officers had resigned publicly, en masse, in undefined protest against the way things were going. Dorman had to pick up the pieces and start again.

He got Jack English, head of Indianhead Mountain, Inc., one of the U.P.'s new ski resorts, to accept the presidency. English got James Gooch of Michigan State University to head the advisory committee.

It found that the basis of UMTA's woes was that it has a poor image with the public; that its financing is anemic and erratic; that its accounting is unsatisfactory; and that it leans on a State Tourist Council which is also short of the public need. UMTA, said the advisory committee, should be restructured. It should get its funds from government at all levels and not by costly, inadequate private solicitation, and it should relate itself to the 6 natural interest areas of the U.P. in a new and more intimate manner.

The State Tourist Council, the advisory committee suggested, should be turned by the Legislature into an agency with a statewide view of Michigan's tourist industry and it should be concerned with tourism developments as well as with tourism promotion. At present the Council is controlled by the four regional tourist associations, of which UMTA is one.

What the advisory committee suggested would, if accomplished, make a great improvement in tourism development and promotion in the Upper Peninsula and throughout the state. It will not be easy to change the U.P. and state approaches to the tourist business, but if it could be done the result in U.P. progress should be huge.

What is being asked is a new outlook upon tourism as a business whose development and promotion are essentially the business of the state and local governments, because they own most of the basic resources of the industry.

Treasurer Tom Smith said that the U.P. had given UMTA a big job to do and very little financial support to do it. It has, he said, had as bad balance sheets as it has now and survived. But it is not enough simply to have UMTA survive; it is not enough to have the State Tourist Council survive in a corner cubby of the Conservation Department.

What's needed is a public awareness of the big potential of the tourist business in the U.P. and a willingness to support an adequate program of development. There's no prospect—judging on past record—that this can come from the private sector.

Randolph Proposes A 'Freedom Budget' To End Poverty By 1975

NEW YORK (AP)—A. Philip Randolph, civil rights leader, has proposed a massive "Freedom Budget" designed to wipe out poverty in the United States by 1975.

The plan calls for increasing the federal budget from the present \$112.6 to \$155 billion within nine years, a \$2 hourly minimum wage, setting up a guaranteed income program for persons who cannot get jobs, and increasing investments in education, housing, vocational training and health services.

Randolph, president of the Brotherhood of Sleeping Car Porters, AFL-CIO and chairman of the 1963 march on Washington, said the budget differs from similar efforts in the past because it outlines strict time schedules. "We propose and insist," he said, "that poverty in America can and therefore must be abolished within 10 years."

Although the main burden of the budget was left with the federal government, it also called for increased state expenditures.

Randolph said the budget was not predicated on outbursts in national defense and that its "broad approaches" could be implemented even with an expansion of the Viet Nam war.

Attaining all the freedom budget's goals would not place "an excessive strain" on our production capabilities, the budget report contended. Costs, it said, would be met by production increases from a greater number of people working for increased incomes.

The budget aims at achieving four goals:

Restoration and maintenance of full employment.
Improved living standards for greater numbers of people through technological advances.
More equitable distribution of goods and services.
Formation of national policies in accord with standards of social justice.

Spies Nest In Saigon

By RAY CROMLEY

TAY NINH, Viet Nam (NEA)—Within three hours after your B-52s take off for a raid, we know at our (Communist military) headquarters here.

"It is enough time for us to prepare ourselves." The man had been an officer in the top Communist military headquarters for South Viet Nam, located near here under the command of Lt. Gen. Tran Nam Trung. The man this reporter was talking to had been responsible for a section of 70 officers and men at that headquarters.

(In the Delta region of South Viet Nam, Viet Cong reported they had two hours advance warning of B-52 raids. This gave them enough time to scatter, they said.)

The ex-officer said: "We receive the information by radio. We have a lot of powerful stations. So there is no problem getting the information through." "One of our most powerful stations is just outside Saigon. Our (Communist) military organization in Saigon is headed by a brigadier general. His deputy is a colonel. He has a staff of majors, captains and other officers, enlisted men and civilians."

"The general and the colonel keep changing their locations so they will not be caught. The other officers and men are in a headquarters."

"One of the major objectives of the Saigon headquarters is to infiltrate the Viet Nam military."

"I don't know all the methods, but one is to find promising young men who cannot afford to go to higher school and university. We then pay for their education. In return they gather information for us when they become military officers."

"I know, for example, that one objective is to acquire officers loyal to us who are stationed at Tan Son Nhut airbase. I don't know how successful we have been."

"This infiltration is done by the military intelligence net. We have another net in Saigon responsible for buying medical supplies. This net includes many ordinary people. They are members of a secret organization."

"They go individually to shops and buy small amounts of medicine. This is collected at a central point and shipped by river or canal to our headquarters at Tay Ninh."

"There may have been other methods, too, for securing medicines from Saigon. We receive much medicine, pharmaceutical and vitamins from Saigon one way or another. Some also come in from Cambodia."

"Many things come in from

Saigon—tea, dried fish, salt, as well as medicines.

"Another Saigon net is responsible for terrorism."

"Still another net handles military activities. It would be charged, for example, with organizing and executing an attack on the airplanes at Tan Son Nhut airbase."

"A political net is responsible for printing and circulating propaganda leaflets for the Saigon-Cholon-Gia Dinh area."

It is this underground structure which is so difficult to weed out even when Vietnamese or U.S. troops secure a city, village or province. No certain method for this weeding out has been developed to date, even in Saigon.

Newspaper Enterprise Assn. Today's column is of the scatter-gun type. It concerns both bidding and play. South felt that his hand was too strong for a stop below game after his partner's opening club and two no-trump rebid.

He couldn't bid a mere three hearts. That rebid of his own suit would not be a force. A three no-trump or a four heart call would commit the hand and South had no sure way to know which of those two "contracts" would be better.

His three club bid was what is usually called an inferential force. In general, when your partner bids two no-trump any bid by you in a suit you have not mentioned previously is a one-round force.

North's first thought was to

go to three no-trump, but he had nothing in diamonds and did have two top honors in hearts, so he returned to three hearts. This solved South's problem about which game to bid.

East won the spade lead with the ace. He noted that his partner's spade lead was surely a singleton. Most players would have immediately led a second spade and given their partner a ruff but East saw no reason to be hasty.

It looked as if the spade ruff would leave his partner with no satisfactory card to return and that his only chance to beat the hand would be to find West with the ace of diamonds.

This might cost an over-trick but East wanted a plus score, not a loss of game and rubber.

He led his queen of diamonds. West's ace took care of South's king. A diamond return put East back on the lead with the jack and a spade ruff became the setting trick.

Q—The bidding has been:

West North East South
4 4 5 5
KQJ9785 4A32 4S 4H
What do you do?

A—Bid five hearts. You have real support for hearts when you consider that normally an opening three bid shows one suit only.

TODAY'S QUESTION
Instead of bidding four hearts your partner jumps to five spades over West's four diamonds. What do you do now?

Answer Tomorrow

Take a minute to talk or write to someone about Michigan's history.

Here are a few dates worth remembering and telling:

1699—Adrien Jolliet became the first white man to travel the Lower Peninsula.

1701—Antoine de LaMothe Cadillac selected site of Fort Pontchartrain. It became Detroit.

1760—French rule ended in Detroit with surrender of the fort to the British.

1774—First civil government was established in Michigan territory.

1781—The Spanish flag was raised over Fort St. Joseph, now the site of Niles.

1796—The British evacuated Detroit, and the county of Wayne was created encompassing all of today's Michigan except the western Upper Peninsula. It also covered areas now in northern Ohio and Indiana.

1805—The Michigan Territory was created out of Indiana Territory.

1819—Michigan sent its first delegate to Congress.

1837—Michigan was admitted to the Union.

1844—Iron ore was discovered in the Upper Peninsula.

1896—The first automobiles appeared in Detroit.

1900—Our population stood at 2,420,982.

1957—The Mackinac Bridge opened, linking the two peninsulas.

Questions And Answers

Ann Landers

Do Favor To Both, Mike--Take A Hike

Dear Ann Landers: You said in a column not long ago that some children will do naughty things so they will be noticed. I wish you would explain this to me because I have three children and one of them is driving me nutty.

The middle boy is 10 years old. He is so slow about everything that I lose all patience with him. The teachers say he is smart in his studies and his grades are good, but he is mean to other kids during recess — pushes them down and gets into fights all the time.

I have tried spanking, punishment, no TV, no dessert. Nothing helps. Everyone I talk to says he wants attention. They say I should give him a little extra loving but I feel that a mother should treat all her children alike. Am I wrong or right? — TROUBLED

Dear Troubled: Each child should be treated as an individual. I'll bet this child needs more loving and I hope you'll see that he gets it.

The middle child is in a difficult spot. He must compete with the older one who gets special privileges, and the younger one who is favored because he's the baby. The middle child is indeed "in the middle" — in more ways than one.

Dear Ann Landers: I am a girl 13. We are considered pretty well off, financially.

Several months ago my cousin gave me a bike. It originally belonged to her mother. The bike is at least 30 years old.

The group I go with all have bikes — the latest models. When I showed up with this antique they broke up. The front tire goes kerblunk kerblunk and the rear tire makes a wheezing sound like a person with asthma. The kickstand doesn't hold and nobody can fix it because nobody has ever seen one like it before.

When I asked Mom for a new bike she said this one is good enough. I wish you'd tell her how embarrassing it is for a girl to have to ride a piece of junk when everybody else has nice new bikes. — VERY ASHAMED

Dear Very: Ask your mom how you can earn the money to pay for half a bike. If you earn half, I think your mom should come up with the other half. And this is the solution I am recommending.

Dear Ann Landers: I am a

man 20 who has been keeping steady company with a girl 22. I want to settle down and I have been thinking about asking Margaret to be my wife.

Last night we had a long talk. I asked Margaret some questions about her life and I was very disappointed with the way she has conducted herself these past two years.

Margaret had an affair with a 37-year-old man who is married and the father of three children. I was so stunned I couldn't speak.

I come from a strict family and my religion means a great deal to me. I don't know if I could ever get this other man out of my mind. I also don't know if I could trust her. She had me completely fooled. Please answer. I'm going to do as you say. — MIKE

Dear Mike: Don't marry the girl. You'd hold her past against her for the rest of her days.

It takes a mature, compassionate, generous person to forgive a transgression of this kind and you don't measure up. So do both yourself and Margaret a favor and take a hike.

Is a heavy drinker an alcoholic? How can you tell? Is there a cure for alcoholism? Send for Ann Landers' booklet "Alcoholism — Hope and Help." Enclose with your request, 35c in coin and a long stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a stamped, self-addressed envelope.

Reserve Status Aids Volunteers

WASHINGTON (AP) — The Army plans to let young men sign up in a Reserve status for up to four months to avoid the draft while waiting to volunteer for active duty.

Trenary

James Cayer is a surgical patient in St. Luke's Hospital, Marquette.

The WSCS of the Methodist Church will hold a joint meeting of both circles Thursday, Oct. 27 at 8 p. m. at the church. Mrs. William Quarfoot will be the hostess.

Mr. and Mrs. William Humble and son have returned to Troy, Mich. after visiting Mr. and Mrs. Andrew Rodgers Sr.

The Senior class of the Trenary school will sponsor a Halloween Dance, "The Haunted House" on Friday, Oct. 28 from 7 to 11 p. m. in the school gymnasium. The public is invited. Prizes will be given for the most original costumes.

Jeff Malner was a surgical patient in St. Luke's Hospital, Marquette for several days.

Pvt. Gary Flynn has left for Colorado where he will be stationed with the U. S. Army. He completed basic training and visited relatives here.

Mr. and Mrs. John Stone and son of Pontiac were recent visitors at the home of Mr. and Mrs. William Aho.

Pvt. Alan Rukkala has returned to Fort Leonard Wood, Mo. after spending his furlough with his parents, Mr. and Mrs. Jalmer Rukkala.

The annual Christmas Bazaar, given by the WSCS of the Methodist Church will be held Saturday, Nov. 5.

The grade school classes of the Trenary school will have Halloween parties Friday afternoon Oct. 28.

Announcing this today, the Army said this delayed recruiting program "should prove helpful to men who find that their preferred job specialty is filled" when they seek to enlist.

Volunteers join for three years but have some options in choosing what they will do in the service. Draftees are inducted for two years but have little choice in what assignments they get.

In addition to helping a man map out his military stint, the Army said the program will help it control the input of manpower into its training centers.

The flow of recruits into the Army's training centers is difficult to predict from month to month because draft calls are fixed in advance based on predicted numbers of enlistments, which vary.

The new option will be available starting Nov. 1 to an individual who tries to join the Army in a month when its enlistment quotas already have been met.

Boys Town Choir Attraction For Concert Group

Subscribers to the 1966-67 season of the Delta County Community Concert Association are reminded of the appearance at Menominee Monday night, Oct. 31, of the Boys Town Choir.

The Choir of young singers travels nationally and internationally out of Boys Town, Nebraska.

Concert time will be at 8 p. m. Menominee time, and Community Concert grads will be honored at Blesch Auditorium after the local audience is seated.

Picket Market

KEEGO HARBOR (AP)—Picketing will resume next weekend at a Keego Harbor supermarket, a group of housewives vowed here. Mrs. Joseph Szeremet of Keego Harbor said the housewives, protesting rising food prices, caused "quite a few shoppers" to turn away Saturday. A spokesman for the store said business was not affected by the two-hour demonstration.

Realty Firm Reports Plans

Blaney Sold To Developer

The firm which purchased 22,000 acres of famed Blaney Park Resort from Stewart Earle of Hermansville announces plans for disposition of the property, as far as they have been developed.

Gerald L. Harmon, a partner, with Herbert Schott, in the Howell Realty Co., of Howell, Mich., reported on the firm's plans when he attended the annual meeting of the Upper Michigan Tourist Association at Indianhead Mountain ski resort near Bessemer this week.

He said that his realty firm had been working on sale of the Blaney Park property for four and a half years and recently bought 22,000 acres of the tract from Stewart Earle.

The purchase does not include the 11,000 acre Simons Woods property owned by Earle along Lake Michigan.

Part of the Howell Realty acquisition has been optioned to Bethlehem Steel Co., and if the option is not exercised it will become a part of main tract

which Howell Realty has contracted to sell to the U. S. Land Corp. of Indianapolis, Ind., releasing a section (square mile)

at a time on a cash basis. (Bethlehem Steel Co. has been conducting exploratory drilling in the Gould City-Point Patterson area to define the resources for a dolomite quarry.)

Reserved from the sale of the Blaney property by Howell Realty to U. S. Land Corp. are four sections in the middle of the property which contain the heart of the big resort, its main buildings, swimming pool, golf course, airport and other facilities.

This, said Harmon, will be sold in a block and his firm has several prospective purchasers. He said that he expects to make an announcement of sale of this property in 60 to 90 days.

Howell Realty has tentative plans for the development of shoreline hostesses on three inland lakes on the Blaney property, but these properties could be linked to the resort core if the purchaser so desired.

"We do not know how U. S.

Land Corp. intends to sell the property," said Harmon. "We couldn't sell it as a block, so the only thing to do is break it up and sell the pieces. U. S. Land Corp. is one of the biggest land developers in the United States. It has built complete communities."

Asked about reports that the Blaney estates would be sold in Germany, Harmon said that he knew only that U. S. Land Corp. has a sales program in Europe and that Europeans have been buying lands in America and elsewhere as investments.

He said that several corporations and organizations have looked at the Blaney core property with a view to acquisition of a resort.

Augenstein Urges Curb To Birth Of Defective Child

TRAVERSE CITY (AP)—Churches should try to find methods of curtailing the number of births of defective children, the chairman of the Michigan State University Biophysics Department said Wednesday night.

Dr. Leroy Augenstein, candidate for the State Board of Education, told the Traverse City Council of Churches that he opposes rigid control in determining which parents might have defective children.

"We have no right to say this or that couple shall not be permitted to have children," he said, adding that couples should be informed of any possibilities that they would have defective offspring.

He said 30,000 youngsters are born each year in the United States without the ability to form a concept of God and another 30,000 are born so defective they cannot compete in society.

Leader Dog Week

LANSING (AP)—By proclamation of Gov. George Romney, the week of Oct. 30-Nov. 6 is Better Literature for Youth Week in Michigan and Dec. 4-10 is Leader Dog Week in Michigan.

Bus Line Quits At Kalamazoo

KALAMAZOO (AP)—Kalamazoo City Bus Lines has announced it is terminating its contract with the city and will discontinue service Dec. 31. The firm, owned by National City Lines of Chicago, said declining use of buses by Kalamazoo residents brought about the termination. City records show City Lines claimed 1,775,173 fare-paying passengers during the first 10 months of this year.

The action came just two weeks before Kalamazoo residents are scheduled to vote on a Nov. 8 ballot question to allow the city to enter the mass transit business.

Kalamazoo Mayor Raymond L. Hightower flatly denied the announcement by City Lines was timed to pressure Kalamazoo voters to approve the measure which calls for an amendment to the city charter.

Under present policy, the city pays the firm's bills from bus revenue and is not allowed to use general funds for bus operations. The city has applied for a \$1 million federal grant to buy 34 air conditioned buses, but officials say they expect no decision on the application until after the election.

Lake Superior State's 4-Year Status Official

SAULT STE. MARIE (AP)—Officials of Lake Superior State College and the State Board of Education signed the documents Wednesday that officially made the school a four-year institution.

Dr. Leon Fill, chairman of the Board of Education, and Donald Thurber, a board member, signed along with Dr. Kenneth J. Shoultice, chancellor of the school here, and Judge James Fenlon, representative of the parent Michigan Tech at Houghton.

Lake Superior State, with an enrollment of about 1,100, became a four-year school at the start of this term.

Hi!

I'll be calling at your home to tell you about The Milwaukee Journal. There's a big contest going on and if I sign up enough new subscriptions, I will have a chance to win a trip to Florida.

HERE ARE SOME
OF THE FEATURES
COMING UP IN THE
MILWAUKEE JOURNAL

SERIES: FROM MANY LANDS

Charlie House, roving Journal reporter, is off again on a state-wide jaunt to write about the various ethnic groups in Wisconsin. This interesting and informative feature, beginning Sunday, Oct. 30, will concentrate on customs, language and traditions of people from many lands and of various nationalities. Included in this series are stories about Bohemians in Door and Richland counties, the Swedes in Burnett and Polk counties, the Finns in Superior and the Italians in Milwaukee and Kenosha.

News Section

HOW TO HELP THE UNDERACHIEVER

Professor Leslie J. Nason, author of "Better Grades" and other best sellers, takes dead aim at parents who feel their children are not doing as well as they should in school. His new series, "How to Help the Underachiever" will appear daily and Sunday in The Journal beginning Monday, Oct. 31. It provides really practical, down to earth guidelines drawn from his own experience and designed to help parents really do something about children who are not reaching their potential. A 12 part series.

News Section

PATIENTS, PRISONERS, PROBLEMS

A continuing series by Journal staff writer, Charles Friedrich with a penetrating and comprehensive report on Wisconsin correctional and mental institutions, the state school for the deaf and blind, and other institutions under jurisdiction of the state department of public welfare.

News Section

JOURNAL MAN IN VIETNAM

A continuing series by Journal reporter John R. Stallard, who is in Vietnam to bring you a firsthand report of Wisconsin people in the war. Pictures by Stallard, including some in color, are featured with many of the articles. An exclusive series with stories of state-wide interest.

League To Commend College Candidates

The Escanaba League of Women Voters is sponsoring a "Commend the Bay de Noc Community College Candidates" meeting to be held in the Student Center of the College at 8 p. m. Wednesday, Nov. 2.

Mrs. Earl Owen, the League's voter service chairman, will present the eight candidates.

Richard Rinehart, Community College president, or another representative of the College's administration, will comment on the College's program.

Coffee and cookies will be served. The public is invited to the meeting and to meet the candidates, who are:

Carl J. Ahlin, Bark River Rte. 1; Dr. Donald Alimenti, 1250 Lake Shore Drive, Escanaba; Arol E. Beck, 908 S. 7th St.; Escanaba; George C. Eastin Jr., 808 S. 13th St., Escanaba; Robert Groos, (incumbent), Gladstone Rte. 1; Ray LaPorte, 716 S. 17th St.; Arthur T. Pope, 7204 Lake Shore, Gladstone, all candidates for the six year term. Three of the above will be elected.

The eighth candidate is Arthur Slaughter, 1111 S. 18th St., Escanaba, (incumbent), who is unopposed for the four-year term.

Bullet In Neck For Eight Weeks
SMITH CENTER Kan. (AP) — Donnie Atwill, 10, didn't know it, but for eight weeks he had a 22-caliber bullet lodged in his neck.

"A few days before school started I was standing in front of our house when something hit me in my ear. Blood started running from a cut and it hurt an awful lot," he said recently. A doctor bandaged the wound but the bullet was not noticed.

The bullet was discovered when his mother took him to the doctor again. It was removed.

Salvation Army Buys A College
UPLAND, Calif. (AP) — For the last time, an Upland College official pronounced a prayer in the school's small wooden chapel.

The 150 persons crowding the church ignored the hymnals. They were waiting for the next speaker.

"750—Who say 750? Okay 650, who say 650?" chanted the next speaker, auctioneer Marsh Dohar. Silence greeted his question.

The bidding began on Upland College, an 11-acre liberal arts school run by the Brethren in Christ Church for 46 years in this small town 45 miles east of Los Angeles.

Veterans Get Checks Under New GI Bill

Seven thousand veterans attending college in Michigan under the new GI Bill began receiving Veterans Administration checks Oct. 20, many of them earlier than promised.

But veterans need not expect the good things to continue unless they furnish VA with required school attendance records early each month.

Robert M. Fitzgerald, manager of the VA Regional Office in Detroit, explained it this way today. In an effort to provide Fall term college enrollees with needed cash, VA waived for the first month only a requirement that attendance in classes be certified before payment.

Instead, the first checks were issued at the Data Processing Center in Hines on the basis of enrollment certificates sent in by the schools. On this basis, checks started going out Oct. 20 to an estimated 210,000 veterans enrolled in the nation's schools.

With each check was included a punchcard on which the veteran was instructed to certify class attendance up to the end of each month and to mail back to VA before the eighth of the following month. Checks can then be issued on the 20th of the same month. Payment is thus made for class work actually performed.

Fitzgerald emphasized that the veteran — not the school — is responsible for certifying attendance in class.

Stephenson Gets \$29,585 Reading Program Approval

STEPHENSON—The Stephenson Area Board of Education was notified by the Michigan Dept. of Education that a \$29,585 reading improvement project under the Elementary and Secondary Education Act has been approved.

Program is designed to help students in grades two through eight in the Daggett, Mellen and Stephenson elementary schools and in grades seven and eight in Stephenson high school. It will start immediately.

Five certified teachers and three teacher aides will be employed as the program develops. Project coordinator will be Louis Seidl with Mrs. Margaret Hotop as supervisor. Mrs. Geraldine Kerwell and Mrs. Ruth Gunderson will also help organize the program.

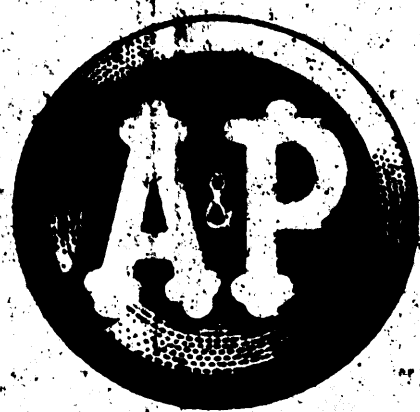

The Board of Education also announced that all bond issues for construction of the Mellen Public schools in 1956 have been called and retired. Final payment of \$41,245 included \$40,000 in principal, \$600 in premium and \$640 in interest.

A budget of \$376,380 was adopted for 1966-67 operation of the district. Revenue is expected to be \$578,219.

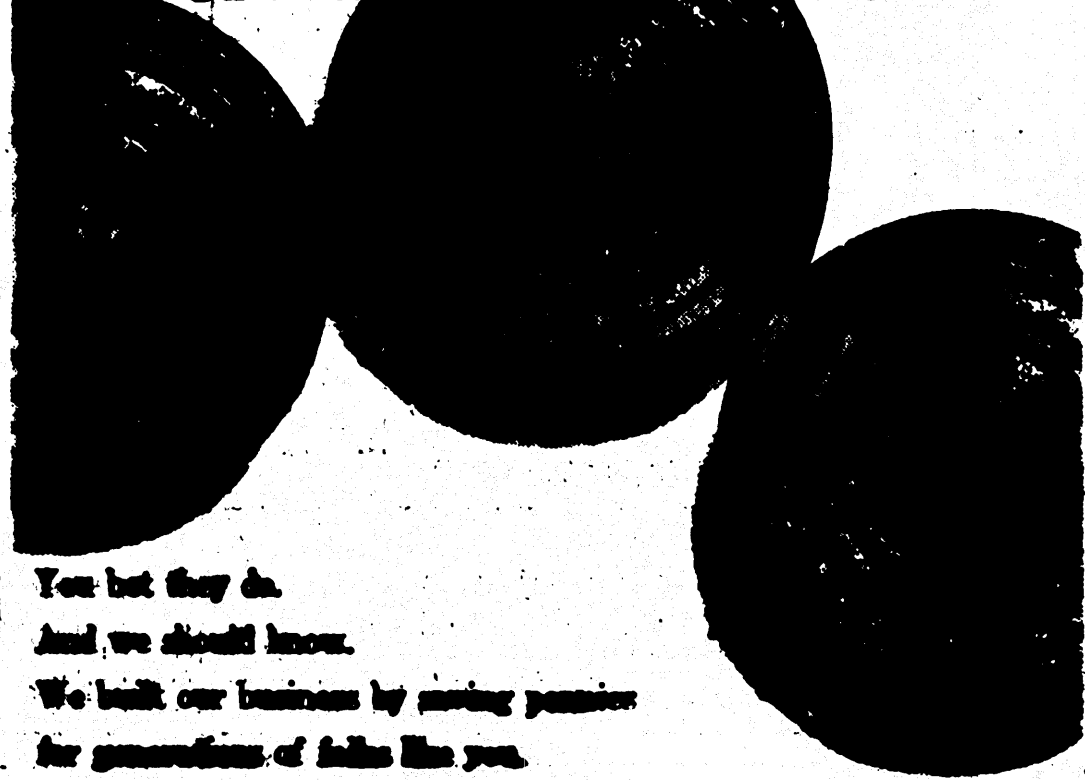

Lose Holidays

ALLENTOWN, Pa. (AP) — The Roman Catholic Diocese of Allentown says parochial school children within its jurisdiction will no longer be excused from classes on holy days — All Saints Day and the Feast of the Immaculate Conception.

The change was made because some parochial school children now are being transported in public school buses, the diocese said. The parochial schools will observe only those holidays listed on public school calendar.

do pennies make
a difference in
your food bill?

You bet they do.

And we should know.

We built our business by saving pennies
for generations of folks like you.

For instance, take our policy on multiple-priced items.

If an item is priced 3 for 25¢, the price for one is obviously 9¢.

But what happens if you want two?

Do you pay 2 times 9¢ or 18¢?

Not at A&P.

We sell it at 2 for 17¢.

That's the fair way—the A&P way.

Yes, in the food business...

in food budgeting, pennies make a difference.

We watch them for you and for us.

Is this a good reason for shopping A&P? It's one of many.

Tax Collectors Made, Not Born

By HAL BOYLE

NEW YORK (AP) — Jumping to conclusions: Collecting income taxes is one of the world's most thankless jobs. It is a fascinating line of work, but most men who pursue it as a career get into it largely by accident. Tax collectors are made — not born.

It should be against the law to flavor soda pop with coffee. The only drink that should taste like coffee is coffee.

You can't help but feel sorry for the ex-Manhattanites who fled to the suburbs to avoid the crowds. That's where the crowds are now—in the suburbs.

The worst borer at cocktail parties are those who never say a word until they've had their third martini.

If I were setting out to make a more perfect world, I'd start by taking 15 pounds from Elizabeth Taylor and giving them to Audrey Hepburn.

Most girls who chew their fingernails drop this habit soon after they marry. Then they begin chewing out their husbands.

Good dentistry is cheap in Britain under socialized medicine. That's why you so rarely meet an Englishman with a stiff upper lip any more.

The men who argue the least about what ought to be done in Viet Nam are the men who have fought there and come back.

No matter how low the value of money falls, no middle-aged man who weathered the last great depression can drop a penny to the pavement without bending over and picking it up. He would feel gullibly wasteful if he didn't.

Millionaires and musicians generally guzzle cheaper liquor than actors and advertising men.

You can get rich betting guys at the bar that they can't draw a correct picture of the U.S. flag in three minutes.

It is also a good bet that half the teen-agers in your neighborhood can't spell all four of these words orally — knockwurst, knapsack, naphtha and nasturtium.

Wrestlers are the gentlest of all professional athletes. I have yet to hear of one whose wife divorced him on grounds of cruelty.

It's kind of eerie to think that if George Washington tried to enroll in a modern high school he'd be ruled out — on the grounds that his wig would be too distracting to the other students.

CHOCOLATE-WALNUT CANDY COOKIES

Chocolate morsels melted, chocolate morsels whole make these candy-like cookies, extra luscious. They're crispy outside, chewy inside — and crunchy with walnuts.

2 6-ounce packages (or 1 12-ounce pkg.) Nestle's Semi-Sweet Chocolate Morsels

3 Tbsp. soft butter or margarine

1/4 cup granulated sugar

1 egg, unbeaten

1 1/2 tsp. vanilla

1 Tbsp. milk

1/2 cup sifted flour

1/2 tsp. baking powder

1/2 tsp. salt

1 1/2 cups coarsely broken Diamond Walnuts

Melt one 6-ounce package chocolate over (not hot boiling) water. Stir together butter, sugar, egg and vanilla; beat with spoon just until smooth. Stir in melted chocolate and milk, then flour sifted with baking powder and salt. Stir in walnuts and second package of chocolate morsels. Drop by teaspoonfuls on ungreased cookie sheet. Bake for 10 minutes only at 350° F. Cookies will be soft. Cool slightly and remove to rack. Yields 3 1/2 to 4 dozen cookies.

PLAN NOW TO ATTEND THE HALLOWEEN COSTUME PARTY MONDAY, OCT. 31ST, 6:30 P. M.

MR. AND MRS. Clarence Moore of 1428 S. 13th St., Escanaba announce the engagement and approaching marriage of their daughter, Judith Lynn, to William Walter Mandulak, son of Mrs. William Mandulak of Farmington, Mich., and the late William Mandulak. The bride-elect is a Senior at Western Michigan University, majoring in Speech Pathology and is a member of Sigma Kappa Sorority. Her fiancé is a June graduate of WMU and is presently training as a systems engineer with IBM. He is affiliated with Phi Sigma Epsilon fraternity. The wedding will take place Dec. 27 at the First Presbyterian Church in Escanaba.

Women's Activities

N. Chapekis Speaks At B. & P. W. Club

Escanaba Business and Professional Women's Club members, meeting Tuesday evening, felt some of the drama and tension of a court trial because their guest speaker, Delta County Prosecuting Attorney Nicholas Chapekis, had rested his case and was waiting for the jury to make its decision. Aware of his listeners' interest in court proceedings, Attorney Chapekis humorously remarked that, while they might prefer to hear about other matters, he was going to talk on the important subject of, "Wills and Planning For An Estate."

Preceding Mr. Chapekis' talk, Mrs. Estella Erickson showed a film entitled, "Which Way", which illustrated the reason for professional financial planning of an estate. While the film's portrayal was concerned with an estate of \$300,000.00, Attorney Chapekis stressed the fact that everyone should make a will even though their estate is not large.

Financial planning becomes important if an estate adds up to more than \$60,000 because it is then taxable by the federal government; also, some mortgages become due on demand and with other expenses involved forced liquidation may be necessary to raise the cash to pay off these obligations—thus decreasing the value of the estate.

Attorney Chapekis stated that in Michigan, if a person dies without leaving a will, the state says how the property will be divided and probate court has the authority to name an administrator. Therefore, regardless of age or wealth, a will is important because it enables the property owner to decide who will inherit his money, cherished heirlooms and other property and what charities may benefit. According to Mr. Chapekis, a will should be periodically examined to keep it up to date with changes in federal and state laws.

Some of the things to be considered in planning an estate are trust provisions and outright gifts—with this process an individual can give away \$3000 each year to one person without gift taxes, or in the case of a married couple this could be \$6000. Attorney Chapekis concluded his very interesting and informative talk with a question and answer period.

President Elsie Anderson announced that the club's scholarship grant to Bay de Noc College for 1966-67 was awarded to Constance Bourque, daughter of Mr. and Mrs. William Bourque, 912 N. 20th St. Escanaba. She is a 1966 graduate of Holy Name High School. Guests at the meeting were Mrs. Nicholas Chapekis and Martha Wickham. Arrangements were in charge of the legislation committee consisting of Ruth Anderson, Mary Ann Cerasoli, Hazel Erickson, Agnes Gleich, Nancy Petry and Edith Anderson.

Mrs. Robert T. Wein (Gordon Nelson Photo)

Nancy Guenette Bride Of Robert T. Wein

St. Patrick's Church in Escanaba was the setting Saturday, Oct. 22 for the nuptial mass uniting in marriage Miss Nancy Guenette of Escanaba and Robert T. Wein of Rockford, Ill.

Rev. James Pepin officiated at the double ring ceremony at 11 o'clock in the morning. The bride is the daughter of Mr. and Mrs. Ernest Guenette of 1201 8th Ave. S., Escanaba and the bridegroom is the son of Mr. and Mrs. Thomas Robert Wein of Little Neck, Long Island, N. Y.

Pearl de Sole
The bride selected for her wedding a floor length gown of silk peau de soie fashioned with an Empire waistline, elbow length sleeves and a front panel of imported chantilly lace. A detachable court train was attached at the shoulders.

A large chantilly lace bow headpiece trimmed with embroidered seed pearls held her silk illusion veil and she carried a bouquet of roses, stephanotis and trailing ivy.

Maid of honor for her sister was Christine Guenette of Escanaba and bridesmaids were Cheryl Cavert and Mrs. Glenn Olson. They were attired in floor length gowns of leaf green crepe and vanilla satin styled with A-line skirts, Empire waistlines and bell sleeves. Serving as bestman was Oscar Wagenbuchler and groomsmen were Phil Lange and Ken Hofstrik. Seating the guests were Terry and Dale Chouinard.

Mother's Attire
For attending her daughter's wedding, Mrs. Guenette chose a teal blue three piece double knit suit with matching suede shoes and purse. Mrs. Wein selected a plum colored suit with matching accessories.

The wedding reception was held in the afternoon and evening at Marco's Starlite Room for 200 guests.

Following a wedding trip the

couple will make their home at 1807 B. South Alpine Road, Rockford, Ill.

The bride is a graduate of Holy Name High School and Mr. Wein is a graduate of MSOE in Milwaukee. He is presently employed at Sunstrand Aviation in Rockford.

Out of town guests attended the wedding from Milwaukee, Rockford, Chicago, Little Neck, N. J., New York City and Sault Ste. Marie.

Last Day For Reservations

HINTS FROM Heloise

By HELOISE CRUSE

Dear Heloise:

Please tell me how to remove car bumper stickers.

Judging from the looks of many automobile bumpers, including mine, I think car owners would appreciate a hint on this subject.

Even the car wash people seem unable to get that gum off.

This problem really is a "sticky one". And I am one of the many people who would appreciate a solution. If you have had any luck in removing those on-to-stay stickers, won't you share the answer with us? Just write to me in care of this paper.

MANISTIQUE

Book Review Planned For Women's Club

The Manistique Women's Club will have a book review at its meeting Tuesday at 2:30 p.m. in Augustana Hall. Presenting the review of Russell McKee's "Great Lakes Country" will be Mrs. Duane Waters. Music will be provided by Karen and Carolyn Weber at the piano. Former presidents will be honored.

A special silver offering will be taken for Girlstown, a home for girls supported by voluntary contributions of the Michigan Federated Women's Clubs and interested individuals. Since its founding in 1958, 56 girls have been helped in solving problems which could not be solved in their home communities. It is located in Belleville and is licensed by the Michigan Department of Social Welfare.

Mrs. Glenn Bignall and Mrs. Harold Cockram are co-chairmen of the hostess committee. Assisting will be Mmes. Nick Babladiella, Nick Bonifas, Henry Brodin, Keith Bundy, Merrick Burkhardt, Eugene Calvert, J. Maurits Carlson, Stanley Carlson, Archie Carpenter, Clare Chamberlin, William Cook, William Corson, William Cowman, Dallas Creeger and Donald Dissinger.

Isabella

Mrs. Henry Turan was honored at a meeting of the 12 Belles Bunco Club in her home Tuesday, to mark the Turan 50th wedding anniversary. Awards in games were won by Mrs. Dale Hebert, Mrs. Raymond Nedeau, and Mrs. William Nedeau. Mrs. Turan received a special award. The next meeting is at the home of Mrs. Herbert Blowers.

Mr. and Mrs. Henry Turan were honored guests at Tylenes Resort Sunday on the occasion of their 37th wedding anniversary. The dinner was arranged by their children. Attending were Mr. and Mrs. Dale Hebert, Mr. and Mrs. Larry Hendron, Mr. and Mrs. Wesley Turan, Mr. and Mrs. Ellsworth Turan, Annette and Michael Turan.

Mr. and Mrs. David Olson and son, Timothy and daughter, Sherry have returned to their home in Chicago after visiting her mother, Mrs. Emily Larson and family.

Mrs. Harvey Sundin attended a Farm Bureau Board of Directors meeting held Monday evening at the home of Mr. and Mrs. Albert Whybrew at Treasary.

Obituary

Pallbearers were Keith Bundy, Clifford Cool, Charles Blair, Harold Hughton, Robert Orr and Earl LeBrasseur. Burial was in Fairview Cemetery.

School Budget Is Reviewed

The Manistique Board of Education held a special meeting Tuesday night to review a budget of \$921,006 for the 1966-67 year. Last year, which was prior to incorporation of township districts in the area school system, the budget was \$499,527. Total enrollment is 1,885 and valuation for tax purposes is \$21,750,000.

The district began the current school year with \$13,000 and expects a \$30,000 balance beginning in the 1966-67 fiscal year. Anticipated property tax receipts are \$205,000, plus \$18,000 in delinquent taxes. Total receipts are anticipated at \$940,350, including state aid of \$468,500 and transportation reimbursement of \$37,500.

Expenditures are estimated at \$210,054 for elementary teacher salaries, with total instruction expense for elementary students at \$224,454. Other teacher salaries total \$208,546 for expenditure total of \$277,687. Total expenditures are anticipated at \$927,931. Slightly more than one per cent of receipts are uncommitted.

Public hearing on the budget is scheduled at 7:30 p.m., Wednesday, Nov. 2. A report on salaries of bus drivers and other workers was received and assigned to committee study.

Church Events

LCW Meeting
Lutheran Church Women of Zion Lutheran Church meets Tuesday at 8 p.m. in Augustana Hall. A sewing bee has been planned to finish various projects. Faith group will lead devotions. George Mathison, Gladstone Native, Elevated By Firm

George Mathison of Chicago, former Gladstone resident, has been elected a vice president of Investment Dealers Digest, Inc., of Chicago and New York.

A graduate of Gladstone High School, Mathison joined The Digest, a weekly financial magazine, in 1962.

He was formerly an advertising salesman with the Albion Evening Recorder at Albion, Mich., editor of the Delta Reporter and an advertising representative with the Milwaukee Sentinel and the Hearst Advertising Service in Milwaukee and New York.

Mathison is a brother of Douglas and Robert Mathison and Mrs. Henning Bjork of Gladstone. He also has a brother, Maj. Gladstone H. Mathison, who is stationed at Lakeland Air Force Base, Texas.

Mathison is currently vacationing in Arizona before assuming his new responsibilities.

Columbia Plans Population Curbs

BOGOTA, Colombia (AP)—Colombia's population has exploded from 12 million to 18.4 million in the last 10 years and the government has decided to take steps to control the growth. President Carlos Lleras Restrepo, fulfilling an election promise, plans a nationwide program to provide birth control information, particularly to peasant families in the rural areas.

He has asked for economic aid from the United States and technical assistance from the Population Council and from the Ford Foundation to launch the program.

Reliable sources said the government has received approval for the program from the Roman Catholic Church. They said the Church, which has strongly opposed control of the birth rate in the past, has softened its position in light of the social and economic problems caused by the high birth rate.

Laurium Loan Planning Money

WASHINGTON (AP)—The Department of Housing and Urban Development announced here funds for these projects: —Flint, Mich., \$67,500 loan to plan for 500 low-rent homes. —Laurium, Mich., \$4,000 loan to plan for 30 low-rent homes.

Favor School Aid

DETROIT (AP)—Fifty per cent of Detroit's voters favor a Nov. 8 proposal to boost property taxes by five mills for five years to aid Detroit Public Schools, a poll here showed. Thirty per cent of the voters were listed as uncertain, 15 per cent in opposition and 5 per cent who didn't intend to vote, the survey by Marketing Strategy Inc. showed.

Eaton Profits Break Records

Eaton Yale & Towne Inc. reports for the first nine months of 1966 an increase of 23 per cent in net profits over the corresponding period of 1965 on a gain of 15 per cent in sales, with both figures establishing new records.

Third quarter sales and profits were also at new highs for that period. Consolidated net sales for the nine months ended Sept. 30, amounted to \$589 million and net income was \$37 million or \$2.50 on each of the 14 million common shares outstanding.

Comparative figures for the first nine months last year were net sales of \$514 million and net income of \$30 million, or \$2.05 a common share. The latter figure is adjusted to reflect the two-for-one stock split which became effective on July 15.

For the third quarter, sales were \$182 million and net income \$10 million or 70 cents per common share, compared with 1965 third quarter sales of \$164 million and net income of \$8 million or 57 cents a share of common stock. This year's third quarter results were adversely affected by a five-week strike at the Fuller Transmission Division.

Eaton's backlog of orders has continued to climb. As of the close of September, the total was at a new high and about 15 per cent greater than a year ago. All product groups are sharing in the higher level of business.

Covenant Women Will View Film On Viet Nam

"Viet Nam Profile," a film production by Bob Pierce for World Vision, Inc., will be presented at the Combined Circle Meeting of Covenant Women of the Gladstone Covenant church at 8 p.m. today.

Eighty Minutes in length, the sound-color documentary film takes the viewer throughout war-torn Viet Nam portraying all of the tragedy and needs of the country and showing scenes of actual combat, follows missionaries and Vietnamese Christians in their faithful and heroic labors.

World Vision, with its international headquarters in Monrovia, California, cares for over 20,000 orphans in 30 countries. It has launched an all-out aid program in Viet Nam, building refugee centers, providing hundreds of crutches and wheelchairs for war amputees, distributing countless thousands of relief packets and supporting war widows as well as blind students, orphans and others.

Hostesses for the meeting will be Mrs. Anna Bredahl and Mrs. Walter Erickson. Mrs. Robert Olson and Mrs. John M. Olson are in charge of the program.

JENNIFER JOHNSON, 21-year-old University of Washington coed, says she wants to be a combat soldier. Jennifer is auditing her seventh and eighth courses in military science at the university. One of the ROTC instructors said she outshot many cadets with a military rifle recently. (AP Wirephoto)

Jennifer Wants To Be Viet Nam Combat Soldier

SEATTLE, Wash. (AP) — Jennifer Johnson is attractive, 21, blonde, and she wants to be a combat soldier in Viet Nam. "I'm willing to die," she says. Jennifer is auditing her seventh and eighth military science courses in the Reserve Officers Training Corps program at the University of Washington. A student who audits a course attends class and does the required work but does not receive credit. She has written to the State Department requesting a pass-

port for Viet Nam as soon as possible, but has received no response.

"I've been interested in general warfare for as long as I can remember," she says. "People are always pushing girls into the WAC or nursing when they want to help the country, but that doesn't interest me. I really want to do my part."

What do her 90 male classmates in the ROTC think?

Phil Boshaw, who has been in a number of classes with Jennifer, says: "They could be a great help in the Army as far as nursing or office work might go, but a woman's place is not on the battlefield."

Miss Johnson, a junior, has taken courses in military tactics, map reading, military history, the use of Army communication equipment, and rifleman-ship.

"No one has any objection to a girl auditing military science classes as long as her interest is a sincere one," said Capt. Orin Phipps, one of her current instructors.

Amidst A National Boom

Plywood Is In Depression

Woods products industry managers of the Upper Peninsula were told at management clinics at Iron Mountain and Escanaba this week that the U. S. plywood mills are now losing \$2 to \$3 a thousand feet on their sales of fir plywood.

The North's hardwood plywood and veneer trade will be the next to feel the pinch, the speakers, Richard Larsen, of Edward Hines Lumber Co. of Chicago, told the clinics. They were sponsored by the Institute of Wood Research of Michigan Tech under the State Technical Services Act passed by Congress in 1965 to bring the findings of research to business, industry and commerce.

Production Expanded
The situation in the fir plywood industry has resulted from government management of the money market. To fight inflation it raised interest rates so high that the number of new home construction starts has been reduced drastically. This dried up the market for plywood and the industry has expanded enormously in recent years, with 20 new mills in the South in the past year.

The situation of a big industry suffering losses in the midst of a national boom was described by Larsen as temporary, but very real and hard on the mills involved. It would eventually be solved, he said, by the increasing population and the pressures for more production. The industry is now geared up to such productive capacity, he said, that a setback like the 20 per cent drop in housing starts "hurts someone."

Oregon Troubles
There are, he said, 3,500 persons in Oregon looking for jobs because they lost their old jobs in the standard plywood business. Nationally, he said, the fir plywood industry is suffering and it cannot close prac-

tically or reduce production because its most indispensable element is its trained labor force. It takes three years to train a plywood crew, he said. "But in the West right now you can buy 10 or 15 plywood plants for 50 cents on the dollar," said Larsen.

He said that the trouble is progressive and that the losses now affecting the Southern and Western mills will eventually come to the Northern mills because the industry is geared that way. The fir plywood mills supply the needs for house

Draw For 'Doe' Permits Will Be Held This Week

LANSING (AP)—More than 277,000 hunters will find out this week whether a State Conservation Department machine drew their name for one of the 143,000 antlerless deer hunting permits available this year.

The department said it had to hold machine drawings for 32 of the state's 61 special antlerless deer hunting areas.

Starting Nov. 11, 135 unapplied-for permits for Bois Blanc Island will be offered on the island on a first come - first served basis, the department said. Another 729 permits for Beaver, Garden and Fox islands will be available at Beaver Island starting Nov. 18.

The islands are special deer research sites and the department is making an extra effort to issue the full quota of permits for them.

grew, streets were extended and the use of the cemetery was abandoned.

Oldtimers of North Town recall that about 1900 many of the bodies were exhumed and removed to Lakeview Cemetery, which had been established about 1880.

Others, however, where the graves had been overgrown by grass and abandoned from care by the families, were never moved.

Perhaps it is one of those — long forgotten and lost to memory of everyone in the area — the workmen found while digging the pipeline trench.

Other abandoned graves have been discovered in that area in the past and no doubt there will be more when accidentally uncovered by excavation in the future.

sheathing and roofing, and the Northern hardwood mills supply the needs for finishing panels and for furniture.

Northern Situation
Larsen proposed the merchandising — expert selling — is the solution to the problem in this period of trouble amidst national boom. And he said that export markets present a big opportunity for American plywood producers.

To the northern midwest wood industry representatives Larsen said: "You're sitting on the edge of the market and you can hardly miss."

Larsen blamed "the government fiddling around with money control" for the current situation and said "They may accidentally get it straightened out," and the plywood industry will then share in the national boom because housing construction will leap forward to meet demands that are now blocked by home buyers' inability to borrow money at interest rates which they can afford.

The plywood trade has turned to industry for new markets because of the house construction cut off and it is also selling more abroad. By these means it is holding even in production. If housing were normal, said Larsen, it would show a large increase.

Try Mediation In News Strike

TOLEDO, Ohio (AP) — More efforts appeared likely today to bring the Federal Mediation Service into the dispute which has halted production of Toledo's two major daily newspapers.

A spokesman for Local 63 of the International Typographical Union, AFL-CIO, said Wednesday night the union is willing to enter mediation "without conditions" but accused the company of balking.

Don Reetz, local president, quoted Louis Abney, production

manager for The Toledo Blade, as saying the mediation request was being turned down until certain maintenance employees were permitted to cross picket lines.

Reetz said the union has not denied such permission involving "maintenance and other nonproduction employees."

The Blade and the Morning Times, which have a combined circulation in northwest Ohio of 211,000, have been bargaining with several unions at the plant, including the 450-member Newspaper Guild. Guild members, like those of four other unions, have been working with an expired contract.

Tyr, Teutonic god of war, courage and the sword, gave his name to Tuesday.

Union Orders Strike Ended

LANSING (AP) — A two-day wildcat strike by about 50 Western Electric workers in Lansing ended Wednesday by order of the International Union of the Communications Workers of America.

The walkout began Tuesday with 11 Western Electric staff members protesting the suspension of several employees who refused to work their normal 10-hour shift, demanding an eight-hour day.

About 40 more Western Electric staff members refused

Wednesday to cross the picket lines.

The CWA International warned that if the workers did not return to their jobs they could face additional action by the union.

Jack Turner, company supervisor in Lansing, said the strikers would be suspended for 24 hours as penalty for engaging in an unauthorized strike.

Tourist Industry Protests Turkey Hunting Policies

BALDWIN (A)—Plagued by attacks on its deer policies, the State Conservation Department now faces opposition of its turkey programs.

Acting jointly, the Baldwin Area Chamber of Commerce and the Lake County Conservation League have written some 400 hunters who received wild turkey hunting permits this year. The letters ask the hunters to not kill turkeys.

The groups say the turkey population is too unstable for a hunt to be warranted at this time.

The department has set Nov. 2-10 for a special wild turkey hunt in Lake County.

The Baldwin-Lake County groups point to the turkeys also as a tourist attraction.

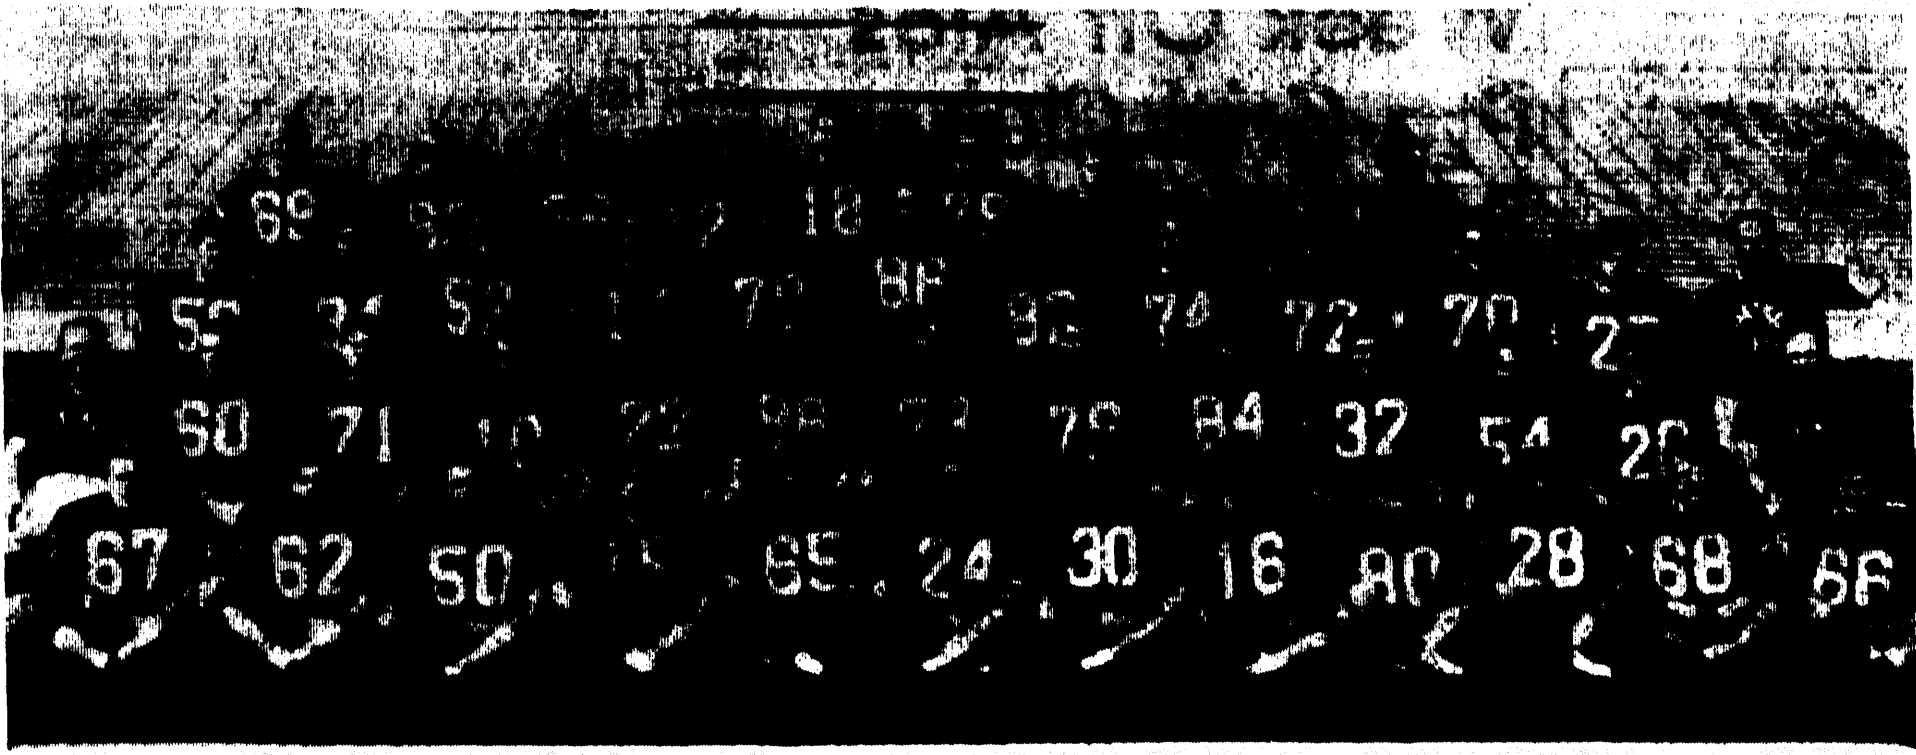

Some hunters have complained about Conservation Department policies allowing the shooting of does and fawns this deer season. The department says there is a shortage of food for deer, and the animals will die of starvation if they aren't shot.

Iron Rangers To Play Squad Game Saturday

MARQUETTE — Hockey fans will be in for some extra action as the Iron Rangers play their annual intrasquad game Saturday night in the Palestra and the following Tuesday (Nov. 1) the Green Bay Bobcats will be here for an exhibition contest. The Rangers open their league season Saturday, Nov. 12, against the United States Nationals.

The intrasquad game is an annual affair designed to give Coach Oakie Brumm some idea of the ability of his new players under game conditions. Several newcomers will see action and the best of these are center Steve Sopher of Selkirk, Manitoba; Ozzie O'Neill of Marquette and lanky Dave Durkin of Detroit.

The Green Bay contest is slated as an exhibition affair but knowing the history of the two clubs it is very probable the game will be as hard fought as a regular league contest. Green Bay has added several players in an effort to catch the speedy Iron Rangers who in previous years have almost skated them off the ice.

Most of the newcomers are from the ill-fated Fox Valley Astros. However one of the additions who should ring a bell with Marquette fans is Tony Buckovich, Jr. Tony is the son of "Terrible Tony" of Portage Lake, Detroit Red Wing and Indianapolis fame.

The Bobcats feature rough tough action over skating. Whether they can contain the Iron Rangers remains to be seen. In their opening game the

Bobcats lost an 11-1 decision to the Chicago Blackhawks of the National Hockey League.

Marquette will dress several new players for this game in an effort to find a good solid second and third line for the coming season.

Eskey Fan Club Annual Banquet Slated Saturday

Varsity players, coaches and cheerleaders will be guests at the Eskymo Fan Club's annual football banquet which will be held at the Delta Supper Club Saturday, Oct. 29.

The affair, following Saturday's game between Escanaba and Holy Name, will begin at 5, it was announced by Dick Craig, president of the Fan Club.

Henry Jordan Needs Tickets

GREEN BAY, Wis. (AP) — Football fans, finding it difficult to secure tickets for Green Bay Packers games, found some degree of comfort in this advertisement in the Brown County Chronicle:

"PACKER PLAYER NEEDS — Packer tickets. Have several friends visiting from out of town for Nov. 6 Packer-Viking game in Green Bay. If you have tickets for sale, please call Henry Jordan."

Jordan is a veteran lineman for the Packers, champions of the National Football League.

Bullets Shake Losing Streak

BALTIMORE (AP) — You'd have thought a championship was at stake.

General Manager Buddy Jeannette rushed out to the court and grasped the hand of Coach Mike Farmer after Baltimore scored a 122-116 National Basketball Association victory over the Cincinnati Royals Wednesday night. The victory snapped the Bullets' five-game losing streak.

Jeannette then accompanied the happy players to the locker room and wrote on a blackboard: "Magic number is 2."

The cryptic message didn't mean Baltimore was closing in on the NBA title. It was merely a reminder for the Bullets after winning their first game of the season: Now win the next one.

In the only other game played, the New York Knickerbockers rallied in the second half and whipped the Lakers 133-122 in Los Angeles.

UCLA Back Is Scoring Leader

NEW YORK (AP) — Mel Farr's two touchdowns against California last Saturday carried UCLA's elusive halfback into first place in scoring among the nation's major-college football players, statistics compiled by the NCAA Service Bureau disclosed today.

Farr has a season total of 56 points on nine touchdowns and two points after touchdowns. Floyd Little of Syracuse, Cabot Knowlton of Penn. and Larry Snow of Georgia Tech and Perry Williams of Purdue are tied for second with 54 points, each on nine touchdowns.

Spartans Boast Great Catcher In Al Brenner

EAST LANSING (AP) — Teams that have stacked up their defenses against No. 2 ranked Michigan State's running game have found out sadly that not only can Jimmy Raye pass, but Al Brenner can catch.

That doubles the enemy's problem, since there never was any question that the other end, Gene Washington, was a star receiver. Many teams use double coverage on Washington.

Washington, a 6-foot-3, 218-pounder who holds the Big Ten record in the indoor high and low hurdles, caught 40 passes for 638 yards and four touchdowns last year.

Since MSU's ground game has been especially effective this year, Spartan quarterback Raye has not thrown many passes, but when he has, Brenner has been his favorite target.

The 11 passes Washington has caught have accounted for 300 yards — an average of 27 yards a catch — and three touchdowns.

Brenner's yardage average also is high — 17 yards on 13 catches for a total of 222 yards.

"He takes some of the pressure off Washington," said Coach Duffy Daugherty. "That puts more balance in our passing game. We can throw to the right of left end, or either of the two halfbacks — or even the fullback."

Brenner, a sophomore, became famous quickly for his

skill in another department — punt returns.

Against Illinois, he made a fancy catch of one long kick, and then carried the ball back 95 yards for a touchdown — a Big Ten record.

"That was a middle return," Brenner explained. "It was the first time we used it. The Illinois players were fanning out to the sides and our blockers knocked them out, leaving a lane up the middle."

The 18-year-old end, who stands 6-foot-2 and weighs 192, was a halfback in high school. But Daugherty said the main reason he uses Brenner on punt plays is that he has sure hands, poise and good judgment.

"My first job is to catch the ball," Brenner said. "Any running is gravy."

Red Wings Drop Fourth Straight Hockey Decision

By The Associated Press

The Detroit Red Wings would have to go back to the 1959-60 season to find the last time a National Hockey League team from the Motor City dropped its first four games of the season.

The Wings made it four straight in dropping a 3-2 decision at Toronto Wednesday night.

In the only other NHL game, the Chicago Black Hawks defeated the Montreal Canadiens 5-3.

Two of the Maple Leafs' goals were scored on Gordie Howe's line. Detroit scored twice late in the game but was unable to dent former teammate Terry Sawchuk in the final three minutes, even with four forwards on the ice and a power play set up in the last 72 seconds.

Paul Henderson got both of Detroit's goals in the third period. John Dromboski broke up a scoreless duel between the Maple Leafs' Terry Sawchuk and Roger Crozier at 9:51 of the second period with a goal on an assist by Pete Stemkowski. Kent Douglas scored for the Leafs five minutes later with Henderson and Stemkowski getting the assists.

Henderson's first goal came early in the third period with Norm Ullman and Bert Marshall getting the assists. But Eddie Shack led the game for Toronto with a goal at 8:40. Henderson's final tally came two minutes later on passes from Gordie Howe and Ullman.

Detroit outshot the Leafs 37-41, but the Wings were never able to catch up after Toronto's first two goals.

The victory was the first of the season for Toronto after a loss and a tie.

At Montreal, Bobby and Dennis Hull paced the undefeated league-leading Hawks to their fourth straight victory. Each brother got a goal as Chicago scored three times in three minutes and 17 seconds of the second period.

Chico Maki, Kenny Wharram and Ed Van Impe got the other Hawk goals. Van Impe was his first in the NHL.

Ralph Backstrom, Yvan Cournoyer and Bobby Rousseau scored for Montreal, now 3-1 and in second place.

Assault Charge Issued Against New Lion Star

DETROIT (AP) — An assault and battery complaint against rookie quarterback Karl Sweetan of the Detroit Lions was sworn out today in connection with an alleged altercation in a bowling alley and bar.

Richard Vyt, 33-year-old sheet metal worker, brought the charge in Justice Court in suburban Sterling Township.

Vyt charged that Sweetan, 24, hero of the Lions' game against San Francisco last Sunday in his first starting assignment, had struck him in an altercation Wednesday night at a township establishment.

Apisa Is Okay In MSU Drills

EAST LANSING (AP) — Michigan State's leading Apisa, injured in the Purdue game last Saturday, showed no sign of a limp Wednesday and will start against Northwestern Saturday.

Apisa had strained a knee—not the knee that underwent surgery last winter, though.

Coach Duffy Daugherty has a 12-year-old rule that to start on Saturday, a player must be in top shape Wednesday, no matter who he is.

A player who can't do all he is expected to do lets the team down, Daugherty says.

Duane McIver, a 6-foot-5, 212-pound sophomore and from Lowell, Mich., was working with the defense. He will serve as a backup defensive end when 6-foot-7, 283-pound end Bubba Smith is being used as a middle guard.

The Spartans worked on stopping the passing of Northwestern quarterback Bill Melzer to two good receivers—Cas Banaszek and Roger Murphy. Melzer has completed 48 of 99 passes for 639 yards and three touchdowns. Banaszek has caught 19 for 172 yards and Murphy has caught 29 for 473 yards.

Wolverines Eye Aerial Threat

ANN ARBOR (AP) — Michigan stressed pass defense in a 90-minute workout Wednesday in preparation for Saturday's game with Wisconsin.

Badger quarterback John Boyajian hit on 18 of 32 passes for 207 yards in Wisconsin's 34-13 loss to Ohio State, Michigan coaches noted.

"Before they were a running team but now they have the right combination," said defensive coach Don James. "Wisconsin's defense is good and they'll be tough."

Reserve defensive halfback Bob Wedge was moved into a linebacker slot to back up Frank Nunley and Barry Dehlin. James said the move was made to help compensate for the loss of linebacker Dennis Morgan, out for the season after suffering a knee injury against Minnesota.

All the Upper Peninsula football conference championships have been decided except one . . . The Menominee Range race will be concluded this weekend with the Iron-Mountain-Kingsford winner joining Iron River in the throne room . . . If the teams tie, Iron River will rule the roost alone.

For the first time in many years, all the defending conference champions failed to repeat this fall . . . The new league champs are Ashland in the Michigan-Wisconsin, Menominee in the Great Northern, Negaunee in the Great Lakes, Houghton in the Copper Country and Engadine in the Eastern . . . Engadine, Menominee and Negaunee are wearing their conference crowns for the first time in history . . . In the Wolverine eight man football league the Powers-Spaulding Tigers, who shared the crown with Pembine last fall, share it this year with Bark River-Harris.

The new Escanaba Daily Press football trophy, going into circulation in the Escanaba-Holy Name grid series this fall for the first time, will be presented to the winner of Saturday's game at a future awards assembly . . . If the game ends in a tie, the trophy will be kept for half the school year by each school, starting with the host team . . . Under the regulations drawn up to govern the presentation of the trophy, it will be awarded permanently to the school with the most victories in the series if the series is ever terminated in the future.

Larry Snoddy, freshman halfback from Phoenix, Ill., is Northern Michigan University's leading ground gainer for the second straight week . . . The 5 foot 8 inch, 160 pound speedster has lugged the ball 79 times for 289 yards, an average of 3.6 per carry . . . Rich McCarthy, sophomore quarterback from Kingsford, has completed 29 of 57 passes for 363 yards.

Bill Curry, center and linebacker for the Green Bay Packers, was the speaker at a recent church banquet in Marinette . . . The former Georgia Tech star is a member of the Fellowship of Christian Athletes as are so many of the top professional sports stars in the country.

Gerry Hofbauer and Lee Sandberg scored two touchdowns apiece as L'Anse closed its football season with a 40-0 victory over downstate Indian River . . . The triumph gave the Hornets a 6-2 season record, their best since a 9-1 mark in 1959.

Dale Fabry, speedy Soo Loretto halfback, scored 16th touchdown of the season as the Angels capped their final game of the campaign from Brimley, 25-14 . . . Coach Boo McKerrroll's gridders fashioned a 5-3 overall record this fall.

Wakefield closed its season with a 38-2 verdict over the hapless Hurley Midgets in Michigan-Wisconsin Conference action . . . Six different Wakefield players had a hand in the scoring as Hurley suffered its 13th consecutive M-W setback dating back to the 1964 season . . . Wakefield, handicapped by injuries, finished with a 4-4 record.

Bill Jalki tallied three TDs to lead Besemer to a 45-14 triumph over Superior Cathedral . . . Dan Corullo and Jerry Draskowski each contributed two touchdowns as the Speed Boys turned in their top scoring performance of the season . . . They will carry a 2-3-2 record into the weekend finale against Hurley.

Week Off Aids Pro Grid Clubs By 2-1 Margin

NEW YORK (AP) — Does a pro football club gain or lose by an open date in the schedule? The records say it is 2-1 the team will win its next game after a bye.

Dallas sat out the opening week and then bombed New York 52-7. Chicago took a week off and sneaked past Minnesota 13-10. The Vikings came off a bye to ruin Los Angeles 35-7 and Cleveland took advantage of the extra week to upset Dallas 30-21.

San Francisco and Baltimore lost after the bye, making it 4-2 in favor of the idle clubs in National Football League play so far. Pittsburgh, off last Sunday, will put the percentage table to the test Sunday against Dallas.

In the American Football League the score is 6-3 making the overall pro total 10-5 in favor of the team with the bye. Buffalo is coming off a bye this Sunday when it plays the Jets at New York.

Time ran out for the Minnesota Vikings last Sunday with their trailing Baltimore 20-17 and the ball on the Colts' 25. Francis Tarkenton had just completed a pass to Tommy Mason for a three-yard gain with 21 seconds to go and time ran out before he could throw again or get the field goal unit on the field.

"If I had to do it over again I would have thrown out of bounds," said Tarkenton. "I still thought we had time enough after Mason caught the ball but we didn't line up quick enough and there was some confusion."

CHICAGO (AP) — Some of the choicest All-America prospects in the Midwest are leggy guys with their hands full of footballs. Split ends and flankers are grabbing plaudits as well as pigskins. The AP's regional All-America board conceded in its latest report Thursday.

As a matter of fact, receivers in some instances are swiping the spotlight from the quarterbacks throwing to them which may be as it should be considering the instant pro success of such grabbers and Dave Parks, Paul Flatley and Jack Snow.

High on the board's list are Michigan's Jack Clancy, Notre Dame's Jim Seymour, Illinois' John Wright, Purdue's Jim Beirne, Ohio State's Billy Anders, and Michigan State's Gene Washington.

As the season heads into the home stretch, Clancy seems best able to lower the boom on All-America bidders in the pass-catching department. The swift, acrobatic Wolverine is a national leader with 50 catches for 681 yards.

Michigan State's Washington is mainly a decoy in the versatile Spartan attack, but he specializes in the bomb with a remarkable 27.2-yard average on his 11 catches for 300 yards.

MEXICO CITY (AP) — Promoter Pablo Ochoa said today he is trying to arrange a championship doubleheader for Jan. 29 when Carlos Ortiz and Sugar Ramos meet again for the world lightweight title. Ochoa said he hopes to have featherweight champion Vicente Saldivar meet Mitsunori Seki of Japan in the other title bout.

ST. JOHN, N.B. (AP) — George Chuvalo, Canada's heavyweight champion from Toronto, will meet Dave Russell of Uniondale, N.Y., in a non-title 10-rounder here Nov. 1.

When a fellow is my age it's only natural that people would begin to wonder after six miles," said Groza, who has scored more points than anyone in the NFL and sets a record with every extra point and field goal.

Groza kicked short against St. Louis, wide against New York and Pittsburgh blocked one. The old shoes were reactivated for the Dallas Cowboys last Sunday.

"I just went back to fundamentals," said Groza. "I thought I might as well go back to my old shoes, too. I concentrated on following through on the football."

Groza came out of the slump before a record home crowd of 84,721. Most of them had read about his six misses.

He booted a 38-yarder, came back for a 30 yard shot and clinched it with a 47 yard effort. The crowd roared its approval. The Browns slapped him on the back.

His field goals were the margin in a 30-21 victory over the Cowboys. The win kept the Browns alive in the Eastern Conference race.

Bobby Hull, who set NHL records for goals with 54 and total points with 97 last season, broke a 1-1 tie at 7:41 of the second period against the Stanley Cup champion Canadiens.

At 9:46, brother Dennis swept a Pierre Plante pass home for a 3-1 Chicago lead.

When the rookie of the year voting starts, the St. Louis Cardinals can put forth a strong candidate in halfback Johnny Roland. The former Missouri back has piled up a total of 841 yards with 327 rushing, 103 receiving, 227 on kickoff runbacks and 184 on punt returns. Rookie Roy Shivers of Utah State hasn't carried the ball on a play from scrimmage but has gained 554 yards, 430 of them on kickoff returns for the Cards.

Buchanan must have been starving when he took the field against the Broncos last Sunday for he completely stopped Denver's draw play while making five tackles unassisted and earning The Associated Press' Defensive Player of the Week award in the American Football League.

Buchanan was so effective, as a matter of fact, that Denver was virtually unable to run the ball, went to the air and suffered five interceptions as the Chiefs' romped to a 56-10 victory.

Buchanan's abilities, both on the ground and in the air, got him the nod for the Defensive Player of the Week award over Miami's Willie West, who intercepted three passes in a 20-13 victory over Houston, and Boston linebacker Nick Buoniconti, who stood out in the Patriots' 35-17 victory over San Diego.

High on the board's list are Michigan's Jack Clancy, Notre Dame's Jim Seymour, Illinois' John Wright, Purdue's Jim Beirne, Ohio State's Billy Anders, and Michigan State's Gene Washington.

High on the board's list are Michigan's Jack Clancy, Notre Dame's Jim Seymour, Illinois' John Wright, Purdue's Jim Beirne, Ohio State's Billy Anders, and Michigan State's Gene Washington.

As the season heads into the home stretch, Clancy seems best able to lower the boom on All-America bidders in the pass-catching department. The swift, acrobatic Wolverine is a national leader with 50 catches for 681 yards.

Michigan State's Washington is mainly a decoy in the versatile Spartan attack, but he specializes in the bomb with a remarkable 27.2-yard average on his 11 catches for 300 yards.

MEXICO CITY (AP) — Promoter Pablo Ochoa said today he is trying to arrange a championship doubleheader for Jan. 29 when Carlos Ortiz and Sugar Ramos meet again for the world lightweight title. Ochoa said he hopes to have featherweight champion Vicente Saldivar meet Mitsunori Seki of Japan in the other title bout.

ST. JOHN, N.B. (AP) — George Chuvalo, Canada's heavyweight champion from Toronto, will meet Dave Russell of Uniondale, N.Y., in a non-title 10-rounder here Nov. 1.

When a fellow is my age it's only natural that people would begin to wonder after six miles," said Groza, who has scored more points than anyone in the NFL and sets a record with every extra point and field goal.

Groza kicked short against St. Louis, wide against New York and Pittsburgh blocked one. The old shoes were reactivated for the Dallas Cowboys last Sunday.

"I just went back to fundamentals," said Groza. "I thought I might as well go back to my old shoes, too. I concentrated on following through on the football."

Groza came out of the slump before a record home crowd of 84,721. Most of them had read about his six misses.

He booted a 38-yarder, came back for a 30 yard shot and clinched it with a 47 yard effort. The crowd roared its approval. The Browns slapped him on the back.

His field goals were the margin in a 30-21 victory over the Cowboys. The win kept the Browns alive in the Eastern Conference race.

Bobby Hull, who set NHL records for goals with 54 and total points with 97 last season, broke a 1-1 tie at 7:41 of the second period against the Stanley Cup champion Canadiens.

At 9:46, brother Dennis swept a Pierre Plante pass home for a 3-1 Chicago lead.

When the rookie of the year voting starts, the St. Louis Cardinals can put forth a strong candidate in halfback Johnny Roland. The former Missouri back has piled up a total of 841 yards with 327 rushing, 103 receiving, 227 on kickoff runbacks and 184 on punt returns. Rookie Roy Shivers of Utah State hasn't carried the ball on a play from scrimmage but has gained 554 yards, 430 of them on kickoff returns for the Cards.

Buchanan must have been starving when he took the field against the Broncos last Sunday for he completely stopped Denver's draw play while making five tackles unassisted and earning The Associated Press' Defensive Player of the Week award in the American Football League.

Buchanan was so effective, as a matter of fact, that Denver was virtually unable to run the ball, went to the air and suffered five interceptions as the Chiefs' romped to a 56-10 victory.

Buchanan's abilities, both on the ground and in the air, got him the nod for the Defensive Player of the Week award over Miami's Willie West, who intercepted three passes in a 20-13 victory over Houston, and Boston linebacker Nick Buoniconti, who stood out in the Patriots' 35-17 victory over San Diego.

C&NW-Milwaukee OK Northern Lines Plans For Merging

WASHINGTON (AP) — The Chicago and Northwestern Railway and the Milwaukee Road told the Interstate Commerce Commission Wednesday they no longer object to the merger of the Great Northern, Northern Pacific and Burlington railroads.

The Milwaukee and North Western views were made known in petitions to the ICC supporting reconsideration of the Northern Lines merger case. The ICC had turned down the merger last March by a 6-5 vote.

The merged railroad would have 26,000 miles of track in 17 states and two Canadian provinces.

Among those remaining opposed to the merger are the U.S. Department of Justice, the Railway Labor Executives Association, Denver and Rio Grand Western Railroad and the Minnesota Railroad and Warehouse Commission.

The Milwaukee Road—officially the Chicago, Milwaukee, St. Paul and Pacific Railroad—and the North Western both had sought conditions to the merger to protect them from loss of revenues due to the merger.

An ICC examiner estimated loss to the Milwaukee of more than \$3.7 million through diversion of traffic to the merged line.

Losses to the Northwestern were estimated at nearly \$4.4 million a year.

Last July 27 in applying for reconsideration, the Northern Lines indicated they would accept provisions to protect the Milwaukee and the North Western financially.

Rivals Chasing After Mustang

DETROIT (AP) — One of the big question marks in the 1967 auto sales race is how successful Camaro, Cougar and Barracuda will be in efforts to cut down Mustang's huge lead in the lower-priced sporty car field.

Mustang, with a headstart of more than two years and over 1.3 million sales chalked up to date, appeared to be in the driver's seat as the other three entries made a late start.

Chrysler-Plymouth division's Barracuda, previously available only as a fastback model, will make its appearance in the 1967 race on Nov. 25 when the hard-top and fastback go on sale, with the convertible slated to make a later appearance.

The Camaro-Mustang race was certain to draw most attention from industry observers as Chevrolet set out to recapture some of the sales volume that had gone to Ford's Mustang since its debut in April, 1964.

Actual Camaro deliveries began slowly, limited by availability but they now have passed a rate of over 450 a day.

Mustang, which hit the marketplace in mid-April 1964, listed 4,207 sales in its first 10 days. Sales reports showed Camaro's first 10 days in dealer showrooms had netted 863 sales while the Mercury Cougar got 754.

Cougar, also a member of the Ford family of cars, wasted no time in claiming that its conquest sales included some former Mustang owners. A conquest sale in auto industry language is one in which a person trades in one type of car when buying another make.
